

*CITY OF ALBANY
ANNUAL ACTION PLAN*

FISCAL YEAR

2022-2023

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Albany submits the Fiscal Year 2022-2023 Action Plan as the second year Action Plan of the 2021-2025 Consolidated Plan. An Annual Action Plan is required by the U.S. Department of Housing and Urban Development (HUD) from all participating jurisdictions receiving annual entitlement grants. The Annual Action Plan is the City's application to HUD for entitlement grant funding for each fiscal year. The following sections provide a concise summary of key points within the FY 2022-2023 Action Plan including available and potential resources. The City's allocations were: Community Development Block Grant (CDBG) - \$810,072 and HOME Investment Partnerships Program (HOME) - \$535,447. The City anticipates on receiving approximately \$796,644 as program income through the two grant programs. Additionally, the City received a Special CDBG allocation of \$1,032,732 in Coronavirus Aid, Relief, and Economic Security Act (CARES Act) to address emergency and urgent needs associated with the Coronavirus pandemic in Albany in FY 2019-2020 and FY 2020-2021. Activities will include: \$350,000 for business assistance, \$150,000 for rental housing assistance, and \$23,987 to undertake vital public service activities.

The Community Development Council (CDC) is the primary vehicle for citizen involvement in the Consolidated Plan, One Year Action Plan and DCED programs with special emphasis placed upon participation and representation of low to moderate income citizens.

HUD advised Grantees that they may conduct citizen participation on its draft plan based on estimated CDBG and HOME Funding amounts, and the City included contingency provision language within its advertisements to advise the public of potential adjustments that would be made to the City's Action Plan upon official notification of actual allocations from HUD. The City advertised its Summary of Proposed Use of Funds in local newspapers beginning on March 4, 2022 (Albany Herald), City of Albany website and Community Development Facebook Page which were based on prior year funding for CDBG and HOME Allocations. The City received has not received its Notice of Award and this Plan reflects activities and programs based on the City's estimated allocations.

The City conducted significant consultation with citizens in preparing its FY 2022-2023 Annual Action Plan. The City hosted one (1) onsite community meetings in partnership with the Community Development Council - April 12, 2022, with seven (7) attendees and held one (1) virtual public hearings – March 17, 2022 (38 attendees). The PowerPoint presentation and audio recording of the virtual public hearings were posted to the City's webpage for public viewing and social media outlets. The audio and

presentation materials may be found at <https://www.albanyga.gov/about-us/city-departments/community-economic-development/fireside-chat>

DCED staff highlighted the annual Action Plan process before City of Albany Board of Commissions on April 19, 2022. Advanced notice of the City's Action Plan was given to citizens through announcements in local newspapers – March 4, 2022 (Comments period ended on April 28, 2022); the City's webpage; and community meeting notices for solicitation of citizen participation from all wards. A public hearing is required by the City's Citizen Participation Plan and U.S. Department of Housing and Urban Development (HUD) Regulations to seek citizen input prior to submission to HUD.

A summary of comments and responses received from the public input process are provided in the Citizen Participation section of this Plan.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The City's 2021-2025 Consolidated Plan establishes funding priorities for the below eight priority needs for the five-year planning period:

Housing Rehabilitation

Housing Assistance and Navigation

Infrastructure and Public Facility Improvements

Economic Development

Public Services

Fair Housing

COVID – 19 Response

Program Administration

CDBG and HOME Funds will be used to address specific priorities for FY 2022-2023 for low to moderate-income persons. The City of Albany will seek to collaborate with public and private agencies to improve

the quality of life for very low, low and moderate citizenry within the strategic planning areas. The City will encourage networking of human service providers through strategic planning meetings to enhance cooperation between area organizations and agencies and identify the gaps in the underserved population.

The City will continue to work with housing, human service providers, and advocates in the community to assess the specific housing needs of people with disabilities, special populations, and other LMI households. Although the CDBG-DR Program will be administered by Dougherty County, projects within the City limits will be included in rehabilitation efforts.

Due to recent outbreak associated the City Coronavirus, over 1400 residents have tested positive within the City. There have been over 90 deaths as a result of this disease. The City received a special CDBG Award of \$1,032,732 (CDBG-CV) to take immediate actions with respect to responding to and preventing the spread of the virus. With the City still trying to recover from natural disasters of 2017 and 2018, priority community and housing needs have only increased. The City will utilize available CDBG and HOME funds to provide housing and business assistance and vital public services. Emergency rental assistance will include assistance with rents and utilities.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

Each year, The City of Albany reports its progress in meeting specific housing, public service, and community and economic development goals of its Annual Action Plan in a Consolidated Annual Performance Evaluation Report (CAPER). The CAPER is submitted to HUD within 90 days of the start of the new program year or by September 30th annually. Copies of recent CAPERs are available for review at the City of Albany Department of Community and Economic Development (DCED) or online at <https://www.albanyga.gov/about-us/city-deparmtnets/community-economic-development> under planning Documents and Reports.

In identifying goals and future projects, the City utilizes priorities specified within its 2021-2025 Consolidated Plan to strategically plan. Citizens input and these priority community needs determine the types of projects that the City will undertake for the upcoming program year. The City in partnership with the Community Development Council, will continue to monitor and evaluate the performance of the City's HUD programs while ensuring regulatory compliance. According to the City's last Consolidated Annual Performance Evaluation Report (CAPER), the City has made consistent progress in achieving the 2016-2021 Consolidated Plan Goals.

Some major accomplishment from the 2016-2021 Consolidated Plan Goals:

- Under the TBRA-CV Program to date, 68 families have been served for an average assistance per family being \$2723. Currently, there are 0 pending applications.

- Utilizing CDBG funds, 488 persons were assisted under public services (youth, victims of domestic violence).
- 211 persons were provided financial literacy/housing counseling through housing counseling services.

Utilizing CDBG-CV funds, 63 businesses were awarded between \$2,500- \$10,000 to assist with operational expenses. The City provided a \$350,000 match to the CARES Act funding allocation

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The City conducted significant consultation with citizens in preparing its FY 2022-2023 Annual Action Plan through hosting virtual public hearings; community meeting with the Community Development Council and obtained survey feedback.

The PowerPoint presentation and audio recording of the virtual public hearings were posted to the City's webpage for public viewing and social media outlets and may be found at <https://www.albanyga.gov/about-us/city-departments/community-economic-development/fireside-chat>

A summary of comments and responses received from the public input process are provided in the Citizen Participation section of this Plan.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

The City received one Comment from the public meetings. Comments received through the public meetings and the community survey are summarized in the Citizen Participation section of this Plan.

6. Summary of comments or views not accepted and the reasons for not accepting them

The City took all comments into consideration in preparing the Annual Action Plan. The City reviewed all comments for common and recurring themes to help establish priorities and goals.

7. Summary

The City's allocations: Community Development Block Grant (CDBG) - \$810,072 and HOME Investment Partnerships Program (HOME) - \$535,447. The City anticipates on receiving approximately \$796,644 as program income through the two grant programs. Program income is defined as gross income received by the City directly generated from the use of HOME or CDBG funds. The City will ensure that the funding is utilized in compliance with applicable federal regulations and programmatic requirements in addressing priority community needs for the planning period.

The City conducted significant public outreach for comments in development of this Plan and funding of CDBG and HOME activities. Comments received through the public meetings and the community survey are summarized in the Citizen Participation section of this Plan.

In addressing Coronavirus priorities with the CARES Funding (\$1,032,732), the City will seek to undertake a variety of community and economic development activities during the upcoming program year to include providing \$350,000 for business assistance, \$150,000 for rental housing/subsistence assistance, and \$23,987 to undertake vital public service activities. For projects and activities to be undertaken by the City of Albany beginning on July 1, 2022 - June 30, 2023, please see AP-20 within this Plan.

Consolidated Plan Public Contact Information

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

In preparing this Plan, the City of Albany was not able to conduct significant public outreach to gather input from the Citizens, City staff, non-profit agencies, housing developers, local service providers, government agencies, the Albany Housing Authority, and others due to COVID restrictions. The public outreach was made via phone calls or one on one conversations with the directors of these organizations that services the public. The City obtain feedback from the public by conducting a community online survey. To identify community development and housing priorities, the City advertised its Summary of Proposed Use of Funds and Substantial Amendments in local newspapers on: March 4, 2022 (Comments period ended on April 28,2022). The City hosted one (1) onsite community meetings in partnership with the Community Development Council - April 12, 2022, with seven (7) attendees; online survey feedback with two hundred twenty-four (224) participates; and held one virtual public hearing March 17,2022 (48 attendees). The PowerPoint presentation and audio recording of the virtual public hearings were posted to the City's webpage for public viewing and social media outlets. The audio and presentation materials may be found at<https://www.albanyga.gov/about-us/city-departments/community-economic-development/fireside-chat>

A summary of comments and responses received from the public input process are provided in the Citizen Participation section of this Plan.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The City of Albany provides funding and works closely in partnership with identified partners, agencies, and organizations to coordinate resources and efforts which enhance coordination of public and assisted housing providers. These agencies hold monthly and quarterly meetings and coordinate activities serving the homeless and low-income communities in the area. These groups include human service providers, community advocates, lenders, and institutions of higher learning. The City partners with local nonprofits who serve homeless and LMI populations such as Open Arms, Inc., Liberty House, Strive2Thrive, HUD VASH, and others. As a component of providing direct services to clients, mental health services are typically provided by Aspire Behavioral Health Services. These mental health services are essential in promoting self-sufficiency of clients.

The City will continue to forge new partnerships specifically with social agencies, housing agencies, institutions of higher learning, and organizations who serve special population groups such as very low income, the elderly, and people with disabilities. Additionally, the City will also seek to partner with those agencies that provide services for youth. Funding for these agencies will be made available annually through a competitive or limited application process.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City of Albany participates in Georgia Balance of State Continuum of Care (BoS CoC). A representative of the Albany-Dougherty Homeless Coalition (newly formed nonprofit agency) is a member of the Board. The City participates annually or bi-annually in the BoS CoC Point-in-Time homeless count in January.

In addition to participating in the BoS CoC, Albany has a dedicated homeless Coalition that recently received its 501(c)(3) nonprofit status from the State of Georgia in April 2020 to address homeless activities. The Coalition is dedicated to addressing the needs of homeless persons and persons at risk of homelessness. Originally founded in 1997, the Coalition is a collaboration of organizations and advocates dedicated to ending homelessness and increasing the local supply of sustainable and affordable housing. The Coalition meets monthly to identify, plan, and implement activities to address homelessness in Albany. Annually, the organizations conducts a homeless count, hosts a Homeless Summit to enhance coordination between local agencies, and holds a Project Homeless Connect event designed to provide homeless persons with medical services, healthcare options, clothing, and other basic needs.

In 2012, the Coalition published Recommendations to Albany-Dougherty County: 10-Year Plan to Reduce Homelessness, which identified short-, mid-, and long-term goals to address homelessness in the city and county. In the short term, the agency sought to increase awareness regarding homelessness and strengthen relationships between local providers. Mid-term goals focus on homeless prevention, strategies for special populations, and improved data management. The long-term goal is to increase the number of transitional and permanent housing units available for chronically homeless persons. More detailed descriptions of resources, facilities, and activities aimed at preventing or reducing homelessness are included in the 10-Year Plan to Reduce Homelessness 2012-2022 and Annual Action Plan sections of this document.

Over the next five years, the City will continue to forge new partnerships with social service agencies, housing developers/managers, educational institutions, and organizations serving special needs populations including elderly, persons with disabilities, and youth. Funding for these agencies will be made available annually through a competitive or limited application process.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Albany does not receive Emergency Services Grant (ESG) funds directly from HUD but participates in the Balance of State Continuum of Care and receives a portion of the state ESG allocation through the Georgia Department of Community Affairs (DCA). The Homeless Coalition of Albany-Dougherty County serves as the lead agency for the Continuum of Care Plan for the City. City of Albany agencies who serve the homeless population, including DCED, enters data into Client Track for reporting to DCA in tracking the provision of services to homeless individuals to minimize duplication of assistance.

For the program year 2019-2020 and program year 2021-2022, the City was awarded, special CDBG funding - Coronavirus Aid, Relief, Economic, and Security (CARES) Act to address critical public service needs associated with preparation, prevention, and in response to the Coronavirus. These services will include housing homeless persons and those at risk of homelessness, providing business assistance to retain or create jobs for LMI persons, and other priority community needs for impacted households.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	Albany-Dougherty Homeless Coalition	Goals from the 10-Year Plan directly overlap with Strategic Plan goals related to reducing homelessness, increasing the supply of affordable housing, and promoting inter-agency coordination. Specific goals from the 10-Year Plan include: increasing awareness of homelessness needs, strengthening relationships between local agencies, homelessness prevention, strategies for special needs homeless populations, improved data management, and increased transitional and permanent housing for the chronically homeless.
Recommendations to Albany-Dougherty County	Albany-Dougherty Homeless Coalition to End Homelessness	Goals from the 10-Year Plan directly overlap with Strategic Plan goals related to reducing homelessness, increasing the supply of affordable housing, and promoting inter-agency coordination. Specific goals from the 10-Year Plan include: increasing awareness of homelessness needs, strengthening relationships between local agencies, homelessness prevention, strategies for special needs homeless populations, improved data management, and increased transitional and permanent housing for the chronically homeless.

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
PHA 5-Year Plan	Albany Housing Authority	PHA goals directly overlap with Strategic Plan goals related to the provision of affordable housing, economic development, and fair housing. Specific goals from the PHA 5-Year Plan and PHA Annual Plan include: HOPE VI/Choice Neighborhood Program, mixed finance modernization or development, conversion of public housing units to RAD, and project-based vouchers; expanding the supply of assisted housing through rental vouchers, increasing public housing occupancy, and leveraging private and other public funds; improving the quality of assisted housing through renovations and customer service; improving the living environment by deconcentrating poverty; promoting self-sufficiency through employment and supportive services; and affirmatively furthering fair housing.
Fight Albany Blight/GICH	Albany Georgia Initiative for Community Housing	This plan aids the City in strategically planning for housing needs and targeting resources to areas of highest needs. FAB focuses on neighborhood revitalization, beautifications, elimination of slum and blight, and crime prevention at a street level and block by block. Collaboration between public and private entities will enhance success of planning initiatives.
Albany-Dougherty Flood Hazard Mitigation Program	City of Albany Planning Department	The Albany Dougherty Flood Mitigation Plan 2014 has three major objectives:1.To provide local governments with a focused planning tool for reducing losses due to flooding. 2.To meet Federal Emergency Management Agency (FEMA) planning requirements to qualify for Flood Mitigation Assistance funding for projects that will reduce losses.3.To meet Community Rating System (CRS) planning requirements for Category C repetitive loss communities (those with 10 or more repetitive loss properties that have not received mitigation) and thereby maintain the good standing of the National Flood Insurance Program (NFIP) in the City of Albany and Dougherty County. Table 3 – Other local / regional / federal planning efforts

Narrative (optional)

The Albany-Dougherty Homeless Coalition (501(c)(3) nonprofit status) meets during the fourth Monday of each month to discuss efforts and to strategize with other nonprofit agencies (whose mission is to provide assistance to homeless populations) to identify, plan, and undertake

initiatives to address homeless needs within the community. Annually, the Coalition conducts a Homeless Count to identify the number of homeless persons within Albany. Additionally, a Homeless Summit is held to bring together nonprofit groups and agencies who serve the homeless population so that each may advise on their agency's services. A Homeless Project Connect Event is held annually in November to bring the necessary services directly to homeless persons to include medical services, healthcare options, and other services to meet their immediate needs: clothing, personal hygiene products, and personal grooming.

The City is undertaking a number of initiatives, in collaboration with local agencies and partners, to address crime, neighborhood blight, quality housing needs, economic development to include encouraging a skilled workforce and job creation/retention, and other community needs. These initiatives are to promote a sustainable, healthy, and thriving community for residents and businesses.

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

The Community Development Council (CDC) is the primary vehicle for citizen involvement in the Consolidated Plan, One Year Action Plan and DCED programs with special emphasis placed upon participation and representation of low to moderate income citizens. The City and CDC's outreach efforts targeted the general public, as well as areas of low and moderate income households and racial/minority concentrations. The City conducted significant consultation with citizens in preparing its FY 2022-2023 Annual Action Plan.

Due to Covid restrictions, the City of Albany was not able to conduct significant public outreach to gather input from the Citizens, City staff, non-profit agencies, housing developers, local service providers, government agencies, the Albany Housing Authority, and others. The City of Albany gather citizens input via a community survey and through the Community Development Council. To identify community development and housing priorities, the City advertised its Summary of Proposed Use of Funds and Substantial Amendments in local newspapers on: March 4, 2022 (Comments period ended on April 28, 2022).

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The table below shows the City's CDBG and HOME allocations for the 2022-2023 program year, along with an estimate of anticipated grant funding for the remaining prior year resources. The City of Albany seeks to use its CDBG and HOME Program funds to serve the needs of low-to-moderate-income persons and households in partnership with capable agencies to include public and private partners, developers, financial lending institutions and nonprofits.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City of Albany meets HUD's 2021 severe fiscal distress criteria and qualifies for a 100% reduction in match requirements under the HOME program. This determination is based on the City's family poverty rate is 29.7%, which is above the federal threshold for families in poverty (17.96%), and the city's PCI is below the \$24,306 federal threshold at \$\$20,351. As a result, the City remains in "Fiscal Distress", granting 100% Match Reduction with respect to requirements of the HOME Program. Albany has remained in severe fiscal distress status since the 1994 and 1998 Floods, two straight line wind events in January 2017, Hurricane Michael in October 2018 and an outbreak of Coronavirus in early 2020.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City of Albany owns more than 500 vacant parcels within the city limits, predominantly within special flood hazard areas and the South Albany NRSA. Buildable vacant parcels will be marketed for private development of affordable housing under both rental and homeownership models. Developer incentives will be offered to assist with encouraging affordable housing development on these parcels and others owned by the City. FEMA-restricted parcels will remain vacant as open space for continued preservation in compliance with FEMA restrictive covenants.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The City's allocation priorities reflect its focus on highest-priority needs. This seeks to undertake the projects and programs to meet the needs of its low and moderate income persons. The activities that have been identified as FY 2022-2023 projects will assist the City in addressing underserved needs and priorities derived from public input and community meetings in formulation of the 2022-2023 Action

Plan and the 2021-2025 Consolidate Plan. Additionally, with two straight lined winds that the City suffered in January 2017 and Hurricane Michael in 2018, the County will undertake rehabilitation projects to aid with disaster relief efforts for LMI households. The City will utilized CDBG-CV funds and other available resources to assist impacted LMI households, nonprofits, and businesses due to the Coronavirus in early 2020.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The City of Albany is an entitlement community in Southwest Georgia and a recipient of Community Development Block Grant(CDBG) and Housing Investment Partnership Program(HOME) funds. The city will focus its funding primarily within three priority neighborhoods. These priority neighborhoods are designated as a Neighborhood Revitalization Strategy Areas (NRSA). The three Neighborhood Revitalization Strategy Areas(NRSA) are:

- Enterprise NRSA(composed of Census Tracts 8 and 114)
- South Albany NRSA(composed of Census Tracts 14.03,15,106.01 and 106.02 to the City limits)
- East Albany NRSA(composed of Census Tracts1,2,103.02 and 107)

Additionally, the County will utilize CDBG_DR funds awarded by the Georgia Department of Community Affairs(DCA) to rehabilitate disaster-impacted homeowner units in 31705 and 31701 zip codes which includes East Albany and South Albany NRSA. Residents impacted by natural disasters in January 2017 and October 2018 will be able to apply to the County for rehabilitation assistance. To address the Coronavirus pandemic needs of LMI residents, the City will use available CDBG-CV funding to support priority needs within the city.

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The City has identified three neighborhoods prioritized for allocation of Consolidated Plan resources as these NRSA have the highest poverty rates and LMI persons within the City. However, individual LMI persons residing anywhere within the City may be eligible beneficiaries of CDBG or HOME funds. The City's Neighborhood Revitalization Strategy Areas represent some of the City's most economically distressed areas. Additionally, 8 of the 10 Census Tracts designated as federal Opportunity Zones in Albany/Dougherty County, are located within one of the NRSA, and have poverty rates in excess of 20%. Also, all of the census tracts represented in these priority areas (except for tract 106.02 in the South Albany NRSA) qualify as what HUD refers to as a Racially Concentrated Area of Poverty(RCAP). A

RCAP has a non-White population of 50% or more and a poverty rate of at least 40%. Additionally, to meet the criteria for qualification as NRSAs (as all three priority neighborhoods do), each of the areas has been identified as having a LMI population share of at least 70%. While poverty and other issues affect neighborhoods throughout the City, the South Albany, East Albany, and Enterprise neighborhoods have particularly acute needs and thus are designated as City priorities.

Discussion

The City will continue to focus its allocation of CDBG and HOME funds in strategic planning areas of highest concentration of LMI households to ensure that priority community needs are met. At least 70% of the City's CDBG Allocation for FY 2022-2023 will be directed toward the benefit of LMI persons, unless HUD grants the City an extension of this requirement to be satisfied over an alternate term. HOME funding will be used to provide housing opportunities for LMI persons through homeownership assistance, Tenant Based Rental Assistance (TBRA) rental subsidies, and in development of rental housing in partnership with private developers. The City will explore opportunities to deconcentrate LMI persons in areas of highest concentrations of poverty in compliance with Affirmatively Furthering Fair Housing initiatives. This will be facilitated through the provision of TBRA rental subsidies to LMI households and rehabilitation of housing units outside of the City's strategic planning areas for rental and homeownership opportunities that benefit LMI households.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

During the 2022-2023 program year, the City of Albany remains committed to the goal of providing decent, safe, energy efficient, and affordable housing and improving the quality of life for its residents. Much of the housing stock within the strategic planning areas of the City of Albany is classified as being in “deteriorated” condition. In addition, many households struggle with spending too much of their incomes on housing, as such, they are "cost burdened" or "severely cost burdened". Households should spend no more than 30% of their incomes on housing. Households that pay more than 30% of their incomes on housing are cost burdened, and households that pay more than 50% of their incomes are severely cost burdened. Cost burdened households will find it difficult to meet all household needs; severely cost burdened households may be in danger of homelessness. This is an issue of concern within the City of Albany. As a result, the City will seek to make housing more affordable through provision of the below services:

Repair Programs

The City will continue to partner with capable agencies and developers to preserve the existing housing stock through repair programs such as weatherization, energy efficiency, and emergency repairs. This will assist homeowners in making necessary repairs to ensure housing remains affordable.

Rental Services

The City of Albany, Department of Community & Economic Development’s Rental Program provides housing to extremely low-, low-, and moderate-income households. The City manages and maintains approximately 180 rental housing units to make affordable housing available to this population.

TBRA

The City operates a Tenant Based Rental Assistance (TBRA) Program as an essential part of its affordable housing strategy. Market conditions in Albany make TBRA a viable option to address a shortage of affordable rental housing, in a market with increasing demand. Through this program, more very low and low-income households will be able to obtain decent, safe, sanitary, and affordable housing as is the primary objective of the HOME program.

Homeless Services

The City will continue aiding homeless families by partnering with agencies that assist the homeless population with public services and housing. Additionally, support services will be provided such as

counseling, referrals, and other services to households that were identified as either homeless or those at risk of becoming homeless.

Homeownership Services

The City of Albany’s Affordable Homeownership Loan Program (AHOP) reduces the costs to low- and moderate income first-time homebuyers and ensures they obtain a sustainable, affordable mortgage that will remain affordable over the life of the loan. Funding will be available to assist with housing financing to low- and moderate income prospective homebuyers to include housing counseling, down payment assistance, and first and second mortgage assistance.

AP-60 Public Housing – 91.220(h)

Introduction

The Albany Housing Authority(AHA) is the sole housing authority providing publicly supported housing for Albany residents. HUD PIC data indicates that the AGA maintains 1,106 public housing units as well as 57 housing choice vouchers. The ADA is in the first phase of fully converting its public housing units to Project Based Section 8 Housing through HUD's RAD conversion program. This program is designed, in part, to increase housing quality for residents through private investment in publicly-supported housing developments and long term public-private partnerships.

Actions planned during the next year to address the needs to public housing

The Albany Housing Authority RAD conversion deal is completed; however, construction is underway. The RAD conversion will require current residents to be rehoused during renovations to the site. These renovations will include upgrades to kitchens, bathrooms, HVAC systems, flooring and fixtures. The renovations will also convert the units from gas to electric. One of the five developments has been completed.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Through its community partnerships the AHA helps increase resident involvement by connecting residents to resources, including employment, food, social services, health services and youth programming. As with many housing authorities, ADA residents can participate in the Family Self-Sufficiency program, which is a 5-year program to help residents develop job skills, education, and training to achieve financial independence. Residents are encouraged to demonstrate leadership in their communities by participating in a resident council to represent the concerns of residents in their development. The AHA also offers an annual academic scholarship for residents through the annual AHA Jeanette Henderson Scholarship Fund.

In recent years, the Albany Housing Authority has partnered with the Boys and Girls Club of Albany to provide homework assistance and after-school/summer programming to residents. The AHA also offers a Youth Leadership Academy, providing afterschool and summer programming for students in the 8th and 9th grades. A Better Way Grocers, another AHA partner, delivers groceries to low-income residents in food deserts. Residents using SNAP can double the SNAP value when purchasing produce from A Better Way Grocers.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City of Albany is a partner in the Georgia Balance of State Continuum of Care, a network of service providers composed of representatives of relevant organizations organized within 152 of Georgia's 159 counties. The Continuum of Care brings together housing and service providers to meet the needs of individuals and families experiencing homelessness. The City of Albany will continue to partner with the Continuum of Care and local homelessness service providers to achieve the City's homelessness goals.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City and County's 10-year plan to reduce homelessness, the Albany-Dougherty Coalition to End Homelessness Recommendations to Albany-Dougherty County: 10-Year Plan to Reduce Homelessness (2012-2022), proposes multiple strategies to increase outreach to people experiencing homelessness. The plan's outreach objectives include reducing homelessness among special populations through targeted outreach—particularly at-risk veterans, non-English speaking residents, youth, women with children, and women. Strategies for these targeted populations include:

- Veterans: Ensure Veterans Receive Entitlements, organize a "Stand-Down" event, and develop relationships
- Women and children: Establish relationships with resource providers, hold a kids' Expo, and identify a corporate sponsor (in November for National Homeless Month)
- Non-English speakers: Build relationships with churches, employers (i.e., contractors), Haven for Hope, and Morningside Methodist Church, and hold a book Giveaway in Spanish

Addressing the emergency shelter and transitional housing needs of homeless persons

The City and County's long-term goal for reducing homelessness is to increase transitional and permanent housing units for the chronically homeless. Objectives include partnering with community stakeholders to increase the number of transitional housing units and working toward developing a stable and safe environment for chronically homeless individuals. Strategies related to increase transitional housing opportunities include:

- Establish linkages with faith-based non-profits to improve access to federal funding opportunities, as

well as to increase the number of volunteers serving the homeless.

- Communicate with neighbors, engage community support through meetings and discussions and initiate recruitment/hiring of Project Director.
- Develop a program with steps for managing crises and non-intrusive, non-punitive, “low-demand” rules which promote safety, cleanliness, and privacy.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Albany-Dougherty Homeless Coalition’s 10-Year Plan objectives related to increasing permanent housing units is to work toward developing a stable and safe environment for chronically homeless individuals. Proposed strategies for increasing the permanent housing supply include:

- Identify resources (e.g., VA, HHS, HUD, State, private) and community partners for the planning and development of additional permanent and permanent supportive housing units, acquisition of additional Section 8 vouchers, and other permanent housing solutions for the homeless population.
- Establish linkages with faith-based non-profits to improve access to federal funding opportunities, as well as to increase the number of volunteers serving the homeless.
- Communicate with neighbors, engage community support through meetings and discussions and initiate recruitment/hiring of Project Director.
- Develop program, including steps for managing crises and non-intrusive, non-punitive, “low-demand” rules which promote safety, cleanliness, privacy. Hire Safe Haven staff.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The Albany-Dougherty Homeless Coalition’s 10-Year Plan notes several objectives focused on preventing homelessness, including preventing evictions and enhancing other prevention efforts, developing

homeless prevention plans, and facilitating the use of effective discharge planning models. Strategies to support these objectives include:

- Work with individual landlords, real estate management companies, and mortgage lenders to create alternative scenarios to eviction.
- Develop a marketing plan to expand the number of persons informed of Albany’s eviction prevention program. Ensure that information about the prevention program is widely disseminated so that tenants are informed long before receiving an eviction notice.
- Conduct workshops and/or provide individual counseling for consumers to increase understanding of tenant responsibilities and distribute materials.
- Form a task force to review/assess current policies and procedures for preventing evictions; study “best practices,” and recommend improvements in current system.
- Identify funding to hire a housing specialist to act as a broker between homeless persons and those being released/discharged from institutions and private landlords. The housing specialist, a “one-stop shop housing counselor,” would also develop and maintain a centralized housing network.
- Review policies/procedures (e.g., program rules/admittance criteria for residential properties, residential fee setting, etc.) to promote residential housing stability.
- Strengthen the infrastructure of social institutions that provide custodial care, to reduce the likelihood of those being discharged from becoming homeless upon release.

The City of Albany will continue supporting homelessness prevention and transition to permanent housing through its Rapid Re-housing program, which provides financial assistance to participants through security deposits, short term rental subsidies, and assistance with utility deposits and utility arrearages in partnership with local referral agencies, including Liberty House of Albany, Open Arms, Inc., Strive2Thrive, and Being Empowered and Successfully Trained (B.E.S.T.)

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Stakeholders in the Consolidated Plan planning process noted that residents struggle with high utility rates. Reports from the planning process indicate that utility costs may exceed the cost of rent for some residents. Residents on the city's south side were reported to have the city's highest utility rates, sometimes twice the rate for other areas in the city. For those residents who are unable to move into more energy efficient housing units, high utility prices reduce the affordability of otherwise affordable housing.

Upcoming maintenance to the city's water-sewer infrastructure may also increase utility costs for low-income residents. The city has recently conducted a study on needed repairs to its combined water-sewer system. After a 2018 sewage spill that dumped millions of gallons of sewage into the Flint River, the city has been looking to separate its water and sewer systems. However, the cost for separating these systems has recently been estimated around \$234 million.²⁷ The city proposes covering the cost of these separations by raising its utility rates. Considering the burden of current utility costs on low-income residents, the city could assist residents with future costs by identifying ways to heavily reduce current utility costs through energy efficient upgrades to units with highest utility bills.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

In January 2021, the city commission voted to approve an Energy Conservation Loan Program for residential customers. This program expands upon the city's existing Weatherization program for senior households. The Energy Conservation Loan Program is available to any homeowner receiving services from Albany Utilities who has a good payment history over the prior 12 months. There is no income eligibility requirement. Through the loan program, applicants can receive a 0% interest loan of up to \$7,500 to be repaid within 5 years. The loan is provided directly to the contractor to complete weatherization upgrades. The program is permitted for rental properties if the landlord/homeowner lives within Albany's Electric Territory. However, the program may have a negative effect on some low-income renters due to a clause which allows the landlord to raise rents on the property one-year after obtaining the loan. Given the benefits offered to homeowners through this program, this program offers an opportunity to encourage housing affordability by extending the period for which landlords stabilize rents.

Discussion:

AP-85 Other Actions – 91.220(k)

Introduction:

This section details the City of Albany’s plans to ensure safe and affordable housing for its residents, meet underserved needs, reduce poverty, develop institutional structure, and enhance coordination between public and private sector housing and community development agencies.

Actions planned to address obstacles to meeting underserved needs

Residents and stakeholders who participated in this planning process noted affordable housing that is in good condition as the greatest underserved need in the city. Obstacles to meeting underserved housing needs include:

- High costs of new development and associated need for subsidies for development of new affordable housing, and
- Loss of existing affordable housing due to factors such as increasing rents and aging housing stock in need of rehabilitation.

In addition to needs related to housing affordability, residents and stakeholders emphasized a need for additional facilities and services focused on meeting the needs of low-income residents and people experiencing homelessness. During the planning process a particular need for community centers and related programming, health centers and related services, and facilities and services focused on meeting the needs of people experiencing homelessness. To develop additional resources to meet affordable housing and homelessness needs, the City of Albany will fund a variety of projects to support underserved needs such as affordable housing, homelessness, public facilities and infrastructure, and public services.

Actions planned to foster and maintain affordable housing

To maintain and expand the current affordable housing stock, the City of Albany will work to identify and develop partnerships with nonprofit housing organizations and private agencies with the goal of increasing the supply of affordable housing. These may include LIHTC or other developers considering housing projects in the city. The City will also look at using funding or grants that can be leveraged to bring new dollars for affordable housing or homelessness into the community. The City will also continue to increase housing affordability in Albany through the Minor Repairs Program, Community HOME Investment Program, Affordable Homeownership Program, and tenant-based rental assistance.

In addition to specific programs designed to foster and maintain affordable housing, the City will review its zoning ordinance for prospective barriers to affordable housing development and make amendments as needed, including possible changes that would decrease costs or risk for multifamily and other

affordable housing developments, and identifying zones where multifamily and other affordable housing types, such as accessory dwelling units or smaller homes, may be built as-of-right.

The City is also developing an Analysis of Impediments to Fair Housing Choice to examine barriers to fair housing and access to opportunity in Albany. As a result of this study, the City will undertake additional approaches to fostering fair and affordable housing.

Actions planned to reduce lead-based paint hazards

An important initiative emanating from HUD in the last decade is the reduction of lead-based paint hazards, and many jurisdictions around the country have focused on reaching this goal. The federal Residential Lead-Based Paint Hazard Reduction Act of 1992 (Title X of the Housing and Community Development Act of 1992) amends the Lead Based Paint Poisoning Prevention Act of 1971, which is the law covering lead-based paint in federally funded housing. These laws and subsequent regulations issued by the U.S. Department of Housing and Urban Development (24 CFR part 35) protect young children from lead-based paint hazards in housing that is financially assisted or being sold by the federal government.

Should the City of Albany undertake any property rehabilitation projects, the City will assess whether lead-based paint might be present and, if so, follow the guidelines set forth in the Residential Lead-Based Paint Hazard Reduction Act of 1992. The City of Albany is committed to testing and abating lead in all pre-1978 housing units assisted with federal grant funds in any of the housing programs it implements.

Actions planned to reduce the number of poverty-level families

The City of Albany's anti-poverty strategy focuses on helping all low-income households improve their economic status and remain above the poverty level. Current programs to reduce poverty through access to education and jobs are provided by Albany Technical College, Albany State University, Work Source Georgia, and nonprofit organizations in the city. The Albany Dougherty Comprehensive Workforce Development Strategy (2020) provides an overview of the City's strategy to provide access to workforce development and employment opportunities, including the following goals and actions:

- Development of a virtual and physical one-stop community resource center to allow for streamlined services and support efficient connections between people and resources.
- Form a community collaborative focused on workforce development to continue workforce development planning efforts.
- Convene youth and adults to gather data to inform youth pipeline development strategies.
- Increase parent engagement around and awareness of student skills development and employment opportunities.
- Develop additional opportunities for youth jobs and first jobs to support students in developing

employability skills.

- Increase opportunities for co-ops, internships, and apprenticeships to support student awareness of employment opportunities available in the community and increase the number of students who stay in the city.
- Integrate the K-12 system and higher education institutions through exposure activities.
- Align educational programs through increased communication between institutions.

- Study the needs of the existing adult workforce in the community to inform additional resource and programs.
- Develop materials to support additional employer training and workplace supports for employees who may face barriers to work or difficulties maintaining employment.
- Create career roadmaps with realistic goals for adults.

Emergency assistance is also provided by several nonprofit organizations in the city.

Actions planned to develop institutional structure

The unmet needs of rental housing affordable to low-income residents and social services for individuals and families experiencing or at risk of homelessness present an opportunity for the City to connect with organizations, affordable housing developers, and agencies working to address these needs in Albany. The City will also continue to work within existing partnerships and coalitions, such as the Continuum of Care and the Albany-Dougherty Coalition to End Homelessness, to work toward meeting local housing and service needs. The City of Albany will continue to work closely with state and local agencies and governments, nonprofit organizations, and other service providers to coordinate delivery of services to city residents. The Department of Community and Economic Development will continue to consult with various housing, homelessness, social service, elderly and disability resource agencies to gather data and identify service gaps.

Actions planned to enhance coordination between public and private housing and social service agencies

The City of Albany will continue to be an active participant in the Georgia Balance of State Continuum of Care. The Continuum of Care brings together nonprofit, government, and business leaders to provide a shared approach to goals of ending homelessness. Membership includes emergency, transitional, and permanent housing providers; nonprofit social service organizations; and government agencies.
