CITY OF ALBANY

PREFACE

ANNUAL BUDGET

FY 2015

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

City of Albany

Georgia

For the Fiscal Year Beginning

July 1, 2013

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to **The City of Albany, Georgia** for its annual budget for the fiscal year beginning **July 1, 2013**.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan and as a communication device.

The award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

City of Albany

The City of Albany
is dedicated to improving
the quality of life in our
community by delivering
fiscally responsible, cost
effective, innovative,
highly responsive services
with integrity and
professionalism.

CITY OF ALBANY

Vacant - Assistant City Manager – Public Service

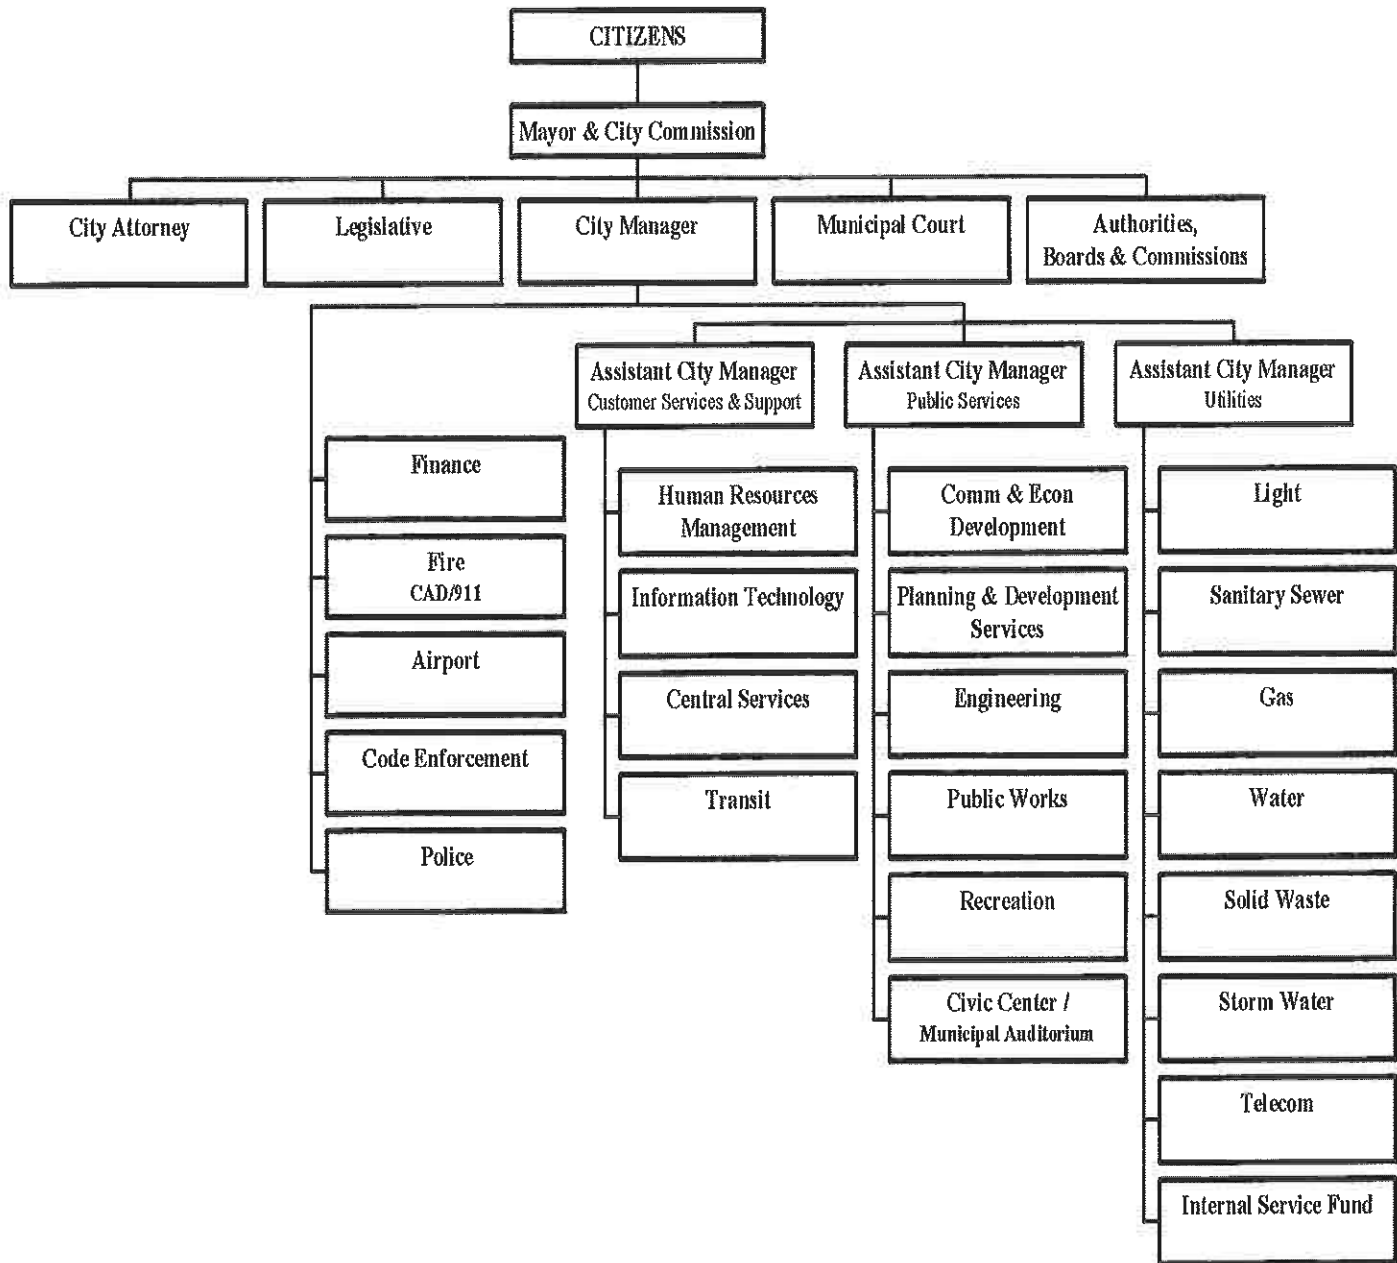

Budget Preparation Staff

JoEllen Brophy – Chief Financial Officer

Derrick Brown/Sandy LeMay – Controllers

Geneva Fields – Interim Management/Budget Officer

CITY OF ALBANY

The City of Albany has operated under the Commission - Manager form of government since January 14, 1924. The seven member Commission consists of a Mayor, elected at large, and six Commissioners, elected on a ward basis. The Commission appoints members to various Boards, Authorities, and Commissions. The Commission also appoints the City Manager, City Clerk, City Attorney, Assistant City Attorneys, and Municipal Court Judge. The City Manager, as the City's Chief Administrative Officer, is responsible for the enforcement of laws and ordinances and the implementation of policies passed by the Commission. The City Manager appoints department heads to assist with these responsibilities.

GENERAL GOVERNMENT

James L. Taylor - City Manager
Vacant - Assistant City Manager for Public Service
Wes Smith - Assistant City Manager for Customer Service & Support
Tom Berry - Assistant City Manager for Utilities
Sonja Tolbert - City Clerk
C. Nathan Davis - City Attorney
Willie Weaver - Municipal Court Judge

DEPARTMENT HEADS

Henry Cohen - Director of Human Resources Management
Stephen Collier - Director of Central Services
Jo Ellen Brophy - Chief Financial Officer
John Antoniewicz - Director of Information Technology
Michael Tilson - Director of Code Enforcement
John Proctor - Police Chief
James Carswell - Fire Chief

Derrell Smith - Interim Director of Recreation
Yvette Aehle - Director of Airport
David Hamilton - Director of Transit
Derrell Smith - Interim Director of Albany Civic Center / Municipal Auditorium
Jimmy Norman - Director of Utility Construction
Jason Gauntt - Director of Telecommunications
George Walls - Director of Utility Engineering
Dianne Cooper - Director of Utility Information Technology
Lori Farkas - Director of Utility Marketing
Shane Tucker - Director of Utility Safety Loss/Human Resources
Mary Ann Petty - Director of Utility Customer Service

Community Information

Origin and Growth

Situated in the Plantation Trace region, Albany is the primary trade center for Southwest Georgia. It is the county seat for Dougherty County, Georgia. The City lies at the head of the Flint River, 182 miles south of Atlanta. Incorporated in 1853, the City was laid out in 1836 by Alexander Shotwell and named for Albany, New York. The City of Albany was originally incorporated by an Act of the General Assembly of Georgia on December 27, 1838.

The chief farm products are cotton, peanuts, corn, tobacco, and to a lesser extent, paper-shell pecans and forest products. Albany has developed a diversified industrial economy, which includes companies such as Procter & Gamble, Miller Coors, and Master Foods USA-a Mars Incorporated Company. Since 1994, over \$800 million has been invested in Albany by local industries. Also, the Marine Corps Logistics Base (MCLB) in Albany is a shining star within the Department of Defense and has established itself as a leader in the adoption of private sector business strategies to accomplish its mission.

The City of Albany makes available the Albany Job Investment Fund to companies that meet funding criteria and are considered to be long-term beneficial investments for the community. With awards of up to \$6 million, the City of Albany is an attractive destination for companies to expand or begin.

Government and Organization

The City of Albany has operated under the Commission-Manager form of government since January 14, 1924. The seven-member Commission consists of a Mayor elected at large and six Commissioners elected on a ward basis. The Commission appoints the City

Manager, City Clerk, Assistant City Clerk, City Attorney, Assistant City Attorney, Municipal Court Judge, City Solicitor, and Public Defender. The City Manager is the City's Chief Executive Officer, and is charged with the enforcement of the laws and ordinances passed by the Commission. The Commission also appoints members to various Boards, Authorities and Commissions.

Educational Facilities

For higher education, Albany has three hometown colleges, a progressive technical college, and a job corps center. Albany State University is a senior unit of the University System of Georgia. With more than 40 major fields of study, the University offers undergraduate and graduate degree programs. The University maintains flexible scheduling for the growing number of non-traditional students. Darton State College is a two-year unit of the University System of Georgia. Students can pursue 73 two-year transfer and career associate degrees. Troy University maintains a satellite campus. Albany Technical College is a unit of the Georgia Department of Technical and Adult Education. Turner Job Corps Center also serves the Albany area as a fully accredited Vocational Education Institute, providing high-quality academic and vocational training programs to prepare students (ages 16-24) to take their places in today's technical work force. Turner has over 20 vocational trades from which the 930-member student body may choose. The City is also served by 14 public elementary schools, 11 public secondary schools, 1 public alternative school and a number of private schools.

BUDGET GUIDE

The 2014 - 2015 Annual Budget is divided into thirteen (13) sections whose contents are explained below. This Budget Guide is provided to summarize the information contained in each section and to assist the reader in finding information.

Section I - City Manager’s Message

This section includes the City Manager’s transmittal letter, the strategic plan, and the adopted budget ordinance. Also included in this section are the revenue and expenditure recaps for the General Fund, Special Funds, Self-Sustaining Enterprise Funds, Supplemented Enterprise Funds, and the Utility Internal Service Fund.

Section II - Policies and Procedures

This section outlines the policies used to guide the preparation and management of the City’s annual budget. This section also provides detailed information on budget development, budget adoption, the accounting policies and procedures for Fund Accounting, Governmental Funds, Debt Services, Central Services, and Revenue and Expenditure policies. In addition, this section includes the FY 14/15 budget calendar and budget hearings.

Section III - Revenue and Expenditures / Expenses

This section begins with a chart showing the relationship between funds, in addition to a chart showing the percentages of expenditures as it relates to personal services, operating expenses, and capital improvement. Included in this section is a summary of the revenue sources and expenditure/expense categories for the 2014 - 2015 budget. This information is categorized by the following fund accounts:

- General Fund
- Special Funds
- Self-Sustaining Enterprise Funds
- Supplemented Enterprise Funds
- Utility Internal Service Fund

Section IV - Supplemental Information

In this section pertinent information is reported on the budget that analyzes trends and outlines the recent policy decisions that have impacted the City’s budget, and its financial position. This section provides the reader with an overview of the current budget using charts and graphs on revenues/expenditures, main revenue sources, and general fund information.

Section V - General Fund Expenditure Detail

The General Fund is the City’s major operating fund. It accounts for all financial resources and expenditures that are not accounted for in specific purpose funds. The General Fund finances most of the regular day-to-day operations and accounts for approximately 23% or \$58,491,490 of the budgeted appropriation. It consists of the following departments: Legislative, City Manager’s Office, City Attorney, Municipal Court, Human Resources, Central Services,

Finance, Enforcement, Information Technology, Planning, Police, Fire, Engineering, Recreation, and Public Works. It also contains appropriations to independent agencies. The General Fund depends on revenues generated from such sources as property taxes, sales taxes, utility transfers, service charges, business licenses and permits, insurance taxes, and other revenue to cover its operating costs.

Section VI - Special Funds Expenditure Detail

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes. About 9% or \$24,104,162 of the FY 15 Budget is allocated to Special Fund activities. Included in the Special Funds are Community & Economic Development, CAD 911, Hotel/Motel, Capital Improvement, Tax Allocation District (TAD), Special Purpose Local Option Sales Tax (SPLOST), Job Investment, Gortatowsky, and Grant Funds. The Albany Chamber of Commerce/Convention and Visitors Bureau receive up to \$725 thousand of current year's actual Hotel/Motel tax revenue to promote tourism and growth in Albany.

Also housed under Special Funds is the Debt Fund. However, the City does not have any active General Obligation Bonds that require repayment. Therefore, only the Capital Improvement Program is financed through revenues received from the General Fund.

To encourage development in the Albany Riverfront and Gateway Development Plan the Commission established a Tax Allocation District (TAD) for that area. A TAD allows the City to sell bonds to finance infrastructure and other redevelopment costs within the designated district.

The Job Investment Fund was established to provide monies to companies that meet the criteria for the creation of jobs that are considered to be long term investments in the City of Albany.

Section VII - Self-Sustaining Enterprise Funds Expense Detail

With projected revenues of \$104,997,063, the Light Fund it is easily the largest revenue generating enterprise fund for the City of Albany. Expenses are projected to be \$101,351,001, resulting in net income of \$3,646,062. This fund represents about 39% of the total budget. Its 37,891 customers include residential, commercial, and industrial.

The Sanitary Sewer Fund is projected to generate \$14,188,460 in revenue primarily through user fees and incur \$16,367,792 in expenses, resulting in a net loss of \$2,179,332. This fund represents about 6% of the total budget. Included under the Sanitary Sewer Fund are Wastewater Treatment, Wastewater Treatment/Lift Station, Wastewater Sampling, and Sanitary Sewer Maintenance. This Division of Public Works is responsible for the treatment of the City's wastewater and for disposal of sewage sludge in accordance with Environmental Protection Division's guidelines. This division is also responsible for the maintenance of all sanitary sewers and for the installation of new taps and sewer extensions within the city limits of Albany.

The Gas Fund is projected to generate \$15,622,000 in revenue through charges for service and incur \$15,456,297 in expenses, resulting in net income of \$165,703. The fund represents about

6% of the total budget. It provides natural gas services to 13,700 customers in Dougherty and Lee Counties.

The list of self-sustaining enterprise funds continues with the Water Fund. It is expected to generate \$11,254,627 in revenue and incur \$11,059,415 in expenses, resulting in net income of \$195,212. The fund represents about 4% of the total budget. The fund provides 14 million gallons of water per day to 35,521 customers. While Water Distribution is responsible for these figures, the fund also includes Water Production. This department is capable of producing 36 million gallons per day from 39 dry wells. This is a vital resource for future economic development.

The Solid Waste Fund is expected to generate \$9,823,924 in revenue through service charges and incur \$10,573,571 in expenses, resulting in a net loss of \$749,647. This fund represents about 4% of the total budget. Included under the Solid Waste Fund are Solid Waste Administration, Solid Waste Removal/Residential East, Solid Waste Removal/Residential West, Solid Waste Removal/Commercial and Special Services. This division is responsible for collecting and properly disposing of solid waste and recyclables generated by both residential and commercial customers. This division serves approximately 24,910 residential customers, with a private contractor providing service to 11,458 of these. The division also serves 1,260 commercial customers.

The Storm Water Fund is a new enterprise fund. It is projected to generate \$3,316,205 in revenue through user fees and incur \$4,955,808 in expensed, resulting in a net loss of \$1,639,603. The Storm Water Fund represents about 2% of the total budget. Engineering Storm Water, Street Sweeping, Asphalt/Concrete, Grading/Construction and Storm Maintenance are included in this fund. The responsibility of the Storm Water Fund is to provide storm water management services to include drainage system operation and maintenance of ditches, canals and ponds, and storm water pump stations, and to provide street sweeping services necessary for the collection and disposal of storm water-related debris. Other functions include maintenance of existing storm water infrastructure and installation of new storm water conveyance systems.

The Telecommunication Fund is the last of the self-sustaining enterprise funds. Revenue is expected to be \$4,823,524 and expenses are projected to be \$4,042,131, resulting in net income of \$781,393. The fund represents a little less than 2% of the total budget. A relatively new fund, Telecom provides excellent fiber optic based services to businesses in Albany and Dougherty County. The fund serves approximately 136 customers.

Section VIII - Supplemented Enterprise Funds

The approved program and expense plan is recorded in this section for the Supplemented Enterprise Funds which include the following: Airport, Civic Center/Municipal Auditorium, and the Transit System. Because these funds are not self-sustaining, they receive subsidies from the General Fund in the amounts of \$463,346, \$1,350,346, and \$1,746,576 respectively.

Section IX - Utility Internal Service Fund

The Utility Internal Service Fund provides support for all of the utility enterprise funds (Light, Sewer, Gas, Water, Solid Waste, Storm Water, and Telecom). It is comprised of twelve (12) departments: General Manager's Office and Commissioners, Information Technology, Investigations, Engineering, Marketing, HDD, Purchasing, Energy Control, Human Resources/Safety, Vegetation Management, Facilities Management, and Customer Service. The projected budget for this fund is \$13,919,465 in FY2015.

Section X - Capital Improvement Program

This section includes all of the approved FY 2015 Capital Outlay/Improvement requests for the General Fund, Special Funds, Utility Internal Service Fund, and the Enterprise Funds. The capital outlay expenditure plan is listed by Department/Division. General Fund expenditures are budgeted to be \$962,574, while the Utility Internal Service Fund and Enterprise Funds are expected to have \$6,397,000 and \$8,357,983 in capital expenses, respectively. Also included in this section are the Georgia Municipal Association Lease Pool (GMA) capital requests.

Section XI - SPLOST VI

The Special Purpose Local Option Sales Tax (SPLOST) VI is a referendum approved by voters in November 2010 that allows for an extra penny in sales tax to fund a diverse list of community projects. It is not a separate tax; Georgia law allows local jurisdictions to use SPLOST proceeds to fund capital improvement projects that would otherwise be paid for with General Fund and property tax revenues. SPLOST VI expenditures for FY2015 are projected to be \$10,262,858.

Section XII - Sponsored Operations

These are Special Funds that have been established to carry out projects or programs that are not funded through the normal operating & capital budget process. These funds are used to account for resources received from outside agencies and are restricted for a specific purpose. This section includes Federal, State, and American Recovery and Reinvestment Act (ARRA) Grants.

Section XIII - Appendix

This section contains a glossary of terms that may be useful in assisting the individual to interpret the budget.

CITY OF ALBANY

CITY MANAGER'S

MESSAGE

ANNUAL BUDGET

FY 2015

City of Albany
Post Office Box 447
Albany, Georgia 31702-0447

William T. Berry
Interim City Manager

Office: (229) 432-3190
Fax: (229) 431-3223

January 31, 2015

The Honorable Mayor and
Board of City Commissioners
City of Albany
Post Office Box 447
Albany, GA 31702-0447

Dear Mayor and Commissioners:

Transmitted herewith is the FY 2014/2015 adopted budget. The budget for the General and Special Funds are balanced and total \$81,595,652. This represents an *increase* of 4.1% or \$3,369,668 from the FY 2013/2014 amended budget of \$78,225,984. This budget incorporates the Board's top priorities. It is balanced without the use of fund balance; however, it does continue to utilize a significant amount of the MEAG Credits which is a temporary revenue stream expected to expire in December of 2018. The budgeted expenses for the Enterprise Funds total \$177,431,337, for a total budget of \$259,026,989.

This is the first year that the organization known as the Water Gas and Light Commission (WG&L) has been fully integrated into this budget presentation. Therefore it will be difficult to compare this budget to prior years. However, whenever possible prior year comparisons have been presented. As a result of the integration, a new fund known as the Utility Internal Service Fund (UISF) has been utilized to account for all support services that primarily benefit the Water, Gas, Light and Telecom departments. Its total expenses are budgeted at \$13,919,465. The UISF tracks all expenses and then allocates those expenses back out to the benefiting funds based on a variety of allocators. Since all expenses are charged back to the benefiting fund, the UISF has a zero net effect on the total budget. It is presented in this book for informational purposes only.

We are told that the economy is improving nationally, but there is still little visible change locally. Our best guess is that we will continue to lag behind the national and the state recovery, unless we experience some significant unexpected economic change. Revenue generation and prudent use of resources is critical for our day to day operations. We strive to maintain good morale and to retain mission-driven employees. Reductions in staff have occurred through attrition. This is one of the first steps in the 5-Year plan to prepare for the expiration of the MEAG Credits.

Revenues – In preparing revenue projections, staff analyzed five years of historical trends, the FY 2014 operating budget, the condition of state and local economies, and other factors that might affect the City’s revenue sources. Due to the requirement for General and Special Funds to have a balanced budget, projected revenues for the General and Special Funds are the same as the expenses already mentioned above. The revenue budget for Enterprise Funds totals \$174,865,984, an *increase* of 8% or \$13,029,463 in revenues. However, the total revenue budget for all Enterprise Funds is collectively less than the expense budget by \$2,565,353. This deficit is attributed to *unfunded* depreciation expenses. It will not have a negative cash flow effect; however, it is a serious long term issue that must be addressed in order to make sure we can properly maintain, improve and replace our capital and infrastructure as the mission demands.

Staff’s goal is to aggressively pursue new revenue streams and continue to reduce operational and personnel expenses without jeopardizing our ability to serve our citizens and customers. That effort is well underway in this budget.

Budget Overview - The chart below shows the total operating budget of \$259,026,989 by category:

Cost of Goods Sold – Currently, Water, Gas, Light and Telecom are the only funds reporting expenses in terms of Cost of Goods Sold (COGS). COGS is the largest overall expense to the organization representing 37% of the total budget, \$95,126,191. Unfortunately, the City has little to no control over these expenses. Since COGS cannot be controlled internally, staff must instead endeavor to mitigate the pass through effect to our customers through careful long-term forecasting, planning, and risk hedging. COGS has increased 6,055,392 or 7% from the FY 2014 budget of \$89,070,799. Despite the expected increases to COGS, staff has been able to keep customer increases below that same percentage.

Operating Expenses & Expenditures – Operating expenses and expenditures represent 28%, or \$73,503,215 of the total budget and are the second largest overall expense to the organization. Compared to previous years, it appears that operating costs have drastically increased. However, the majority of that is due to the inclusion of the Utility in the total budget for the first time.

Staff continues to look for ways to reduce costs. The combination of the City's Utility and General Government is evidence of the aggressive movement to streamline processes, realign priorities, and move our service delivery strategies forward, effectively and efficiently. The City has already begun to see some savings as a result and expects to experience even more over the next 18 to 24 months.

Personnel Services – Employee Wages and Benefits is another large portion of the overall budget and represents \$63,653,939 or 25%, of the total. These expenses continue to increase primarily due to the rising cost of health care and the need for the organization to once again begin fully funding the Workers' Compensation Fund. Additionally, the Commission approved a cost of living adjustment for staff of 2%, an approximate increase of \$1 million dollars. Staff continues to aggressively try to minimize the effects of rising health care costs without severely decreasing benefits. In recent years the City opened an employees' clinic which is proving positive toward that endeavor. There are currently 1,193 authorized budgeted positions within the organization. However, our goal continues to be to reduce head count through attrition and retirement incentive packages. Again, the City has already begun to see some savings as a result of these efforts and expects to experience even more over the next 18 to 24 months.

Capital Improvement Program (CIP) – The remaining 10%, or \$26,743,644, has been allocated for capital equipment and system improvements. The Capital Improvement Program (CIP) is a five-year planning instrument used by the City of Albany to identify capital requirements. The CIP plans for expenditures that exceed \$5,000 (\$2,500 for utility funds) and have a useful life of more than one year. The CIP utilizes all available funding sources which include but are not limited to: Grants, SPLOST, GMA financing, bonding, as well as other financing alternatives and the use of cash reserves from prior year's excess revenues over expenses / expenditures.

The CIP is reviewed and updated each year to reflect the changing priorities of the organization. This program has a direct impact on the General Fund's operating budgets. The acquisition of replacement assets initially reduces operating expenditures while deferring increases in maintenance costs. The addition of new assets, such as a building, tends to decrease operational expenditures for maintenance of the building. The impact that capital acquisition has on the operating budget is anticipated and incorporated into the financial plan.

The Capital Improvement Fund (CIF) - The General and Special Revenue Funds' capital projects are funded from a minimum of 15% of the annual sales tax revenue. The minimum sales tax percentage was reduced to 10% this year, totaling \$962,574, in order to help balance the General Fund. The Enterprise Funds' capital needs are funded through alternative sources as stated above. However, certain capital needs of supplemented Enterprise Funds are also funded through the CIF. For example, the City's 10 - 20% local matching shares for Transit and the Airport are usually paid out of the CIF.

The GMA Lease Pool – The CIF also accounts for the debt service payments of the GMA lease pool agreement. In 1998, the City entered into a lease agreement with Georgia Municipal Association (GMA) for a \$10,000,000 line of credit to be spent over 5 years. The GMA lease

pool provides flexibility to renew assets and decrease operational expenditures for all participants. The City may appropriate a percentage of sales tax revenue to fund the annual GMA debt payment, if needed. The current CIP plans to aggressively increase its utilization of this funding resource.

House Bill (HB) 489 – The City continues its delineation of service agreement (HB 489) initiatives with Dougherty County. This initiative includes funding from Dougherty County for their portion of the following City departments: Fire, Information Technology, Planning, Traffic Engineering, Central Services, Code Enforcement, SWAT, 311, Emergency Management and Recreation. Through these joint agreements, the City anticipates receiving \$5,130,332, from Dougherty County for services provided.

Internal Service Funds – An Internal Service Fund (ISF) provides a mechanisms for which expenses can be tracked for certain internal costs and properly charged to the departments and or funds that receive those benefits. Since all expenses are charged back to the benefiting fund, an ISF has a zero net effect on the total budget. Information presented in this book regarding ISF's is for informational purposes only. The city currently has 4 internal service funds: Risk Management, Workers' Compensation, Public Employees Group Health Plan (PEGHP) and the Utility Internal Service Fund (UISF).

Risk Management Program – The Mayor and Board of City Commissioners voted that the City of Albany would become self-funded for liability beginning May 1, 2005. Both the City Attorney's office and the Human Resource Management Department's, Risk Management Division manage the City's Risk Management Program. These two units work together to contain costs associated with liability issues for the City. This coverage includes airport liability, automobile liability, automobile physical damage, boiler and machinery, crime, electronic data processing, fiduciary liability, general liability, law enforcement liability, property damage, public officials' liability, extended reporting period, travel accident, and unlicensed equipment. All departments are allocated a pro-rata share to contribute to the fund based on experiences. The appropriation for FY 2015 is \$1,558,444 which is a decrease of over \$19,475 from last fiscal year.

Workers' Compensation Fund – The City's Workers' Compensation fund had not had any contributions over the past several years. This resulted in a continual decrease in its reserves. Even though the number of claims continues to decline through aggressive claims management, the audit for FY 2013 showed a \$1.1 million loss. As such, the City made the fund whole and started budgeting for department contributions again in FY 2014 at 75% and increased to 100% for FY 2015 with expected contributions of \$1,131,807. We continue to monitor the fund's reserves to ensure that it has adequate funding. The City's main objective continues to be: (1) to assure that the injured employee gets the best and most efficient medical care available, and (2) to get the injured worker whole and back to work as quickly as possible.

Public Employees Group Health Plan (PEGHP) – The Group Health Plan is designed to meet the medical needs of the employees and their eligible dependents. The premium costs are shared between the City and its employees at a ratio of approximately 75% and 25%, respectively. These contributions are then used to pay for claims as they are submitted by a third party administrator.

General Fund – The General Fund budget for FY 2015 totals \$58,491,490 a decrease of \$262,189.00 or <1% decrease from FY 2014's General Fund amended budget of \$58,753,679. The good news is that revenues are growing, albeit slowly, and expenditures are decreasing. The City's proactive approach of program realignment and cost containment is beginning to yield some results. The preliminary fiscal year end results show actual revenue growth and cost containment across the board. The bad news is that general fund is still too heavily dependent on the \$3.5 million dollars of MEAG Credits. Staff continues to review all fee structures to realign rates with the cost of providing services.

The General Fund finances the operations of General Government, Public Safety, Recreation & Parks, Engineering, Planning Services, Independent Agencies, Public Works Administration, and Public Works Street Maintenance. The level of service provided is our top priority, and to continue providing a high level of service we must fully implement a cost mitigation plan of action.

Special Funds – Collectively, the City's Special Funds total \$23,104,162, an increase of 12%, or \$2,836,391 from the FY 2014 amended budget. The major contributor to this change is the budget for the newly established Job Investment Fund which is just over \$3.5 million of the collective increase and is included in this presentation for the first time. Also included in this category are Community & Economic Development, CAD 911, Hotel/Motel, TAD, SPLOST, Gortatowsky, and Grant Funds. More detail about some of the funds included in the Special Funds category follows.

Community Development – The Department of Community & Economic Development (DCED) is a Special Revenue Fund with a budget of \$3,337,758, which is an increase in appropriations from the FY 2014 amended budget of \$2,998,999. The funds are allocated to the City by the U. S. Department of Housing and Urban Development (HUD) and the income received from repayment of loans, rents, etc., represent this fund's revenue sources. The Department of Community & Economic Development is designed to expand economic opportunities, to provide decent housing for and to meet the other needs of persons of low-to-moderate income. In recent years, DCED has experienced a reduction in workforce due to the administrative cap on their appropriations. DCED does not receive a cash subsidy from the General Fund. However, it does receive a significant amount of services from the General Fund, which it is unable to pay for, due to the same administrative cap on appropriations.

Hotel/Motel Fund - This fund was established to comply with the Uniform Chart of Accounts and totals \$1,725,000. These funds are allocated annually to the Civic Center and the Albany

Convention and Visitors Bureau, thru the Chamber of Commerce, to promote tourism, conventions, and trade shows.

Sponsored Operations (Grants) – The Grant Fund is a Special Revenue fund that provides for the administrative accounting for funds received from local, state, and federal sources for entitlement programs and discretionary projects. The fund totals \$1,473,919, which is \$162,513 less than the amended fund total of \$1,636,432 in fiscal year 2014. This decrease is attributable to the end or non-renewal of some grants and other capital projects. The appropriations for grant projects do not lapse at the end of each fiscal year, but remain in force for the life of the grant by means of re-appropriations contained in this budget document.

Special Purpose Local Option Sales Tax VI – The City of Albany and Dougherty County entered into an intergovernmental sales tax agreement. On November 2, 2010, voters approved the referendum to continue the 1% Special Purpose Local Option Sales Tax (SPLOST). The amount slated for collection from the sales and use tax between April 1, 2011 and March 31, 2017 is \$98,000,000. Sixty-four percent, or \$62,720,000, of those funds are scheduled for City administered projects and non-profit organizations. The budgetary impact is determined as the projects come online and is incorporated into the operating budget. The City of Albany projects are listed in the SPLOST VI section of this document. These estimated collections are subject to change due to the fluctuations in taxable sales in the area.

Debt Service Fund – This fund was established to comply with the Uniform Chart of Accounts. It accounts for General Fund debt service transactions for bonds and debt other than those bonds issued by Albany-Dougherty Inner City Authority (ADICA). The Debt Service Fund is funded from the General Fund to cover its costs when there are General Obligation Bonds outstanding. The City does not have any general obligation debt at this time.

Enterprise Funds –Enterprise Funds are funds whose revenue is primarily received from fees for services instead of general tax dollars. They are not required to have a balanced budget. The City has a total of 10 enterprise funds. Unfortunately not all Enterprise funds generate a net income. There are seven self-sustaining funds and three supplemented enterprise funds. Light, Sanitary Sewer, Gas, Water, Solid Waste, Storm Water, and Telecom, are the seven self-sustaining Enterprise Funds. The funds are self-sustaining because they generate enough revenue through service charges (or combined with spendable fund balance) to cover their costs. The top five are discussed in more detail below.

The Light Fund – This is the largest revenue producer, with budgeted revenues totaling almost \$105 million. However, approximately 78% or 82 million of that revenue must go to cover its COGS. Light is expected to have a net profit of over \$3.6 million but \$3.5 million of that is attributed to the temporary revenue stream known as the MEAG credit. The fund plans to set aside the surplus to address future capital requirements as needed. A rate increase of 2.5% was implemented at the beginning of the fiscal year. As previously stated the rate increase along with significant cost reducing efforts have been put in place to cover the estimated increases in cost of goods sold. This fund also is one of the largest contributors to the General Fund and is

budgeted to transfer in just over \$8.6 million dollars. The Light Fund serves almost 38,000 homes, businesses, and industries.

Sanitary Sewer Fund – This Fund is responsible for all sewers, water pollution control plant, and over 100 pump/lift stations. With expenses of \$16,367,792 and revenues of only \$14,188,460, the Fund is projected to have a net loss of \$2,179,332, which can be attributed to unfunded depreciation expense. FY 2015 rates were increased by 1.6%, which is based on the annual Consumer Price Index (CPI) for 2013, plus an additional 3.4% effective July 1, 2014. This fund does not currently transfer into the General Fund. Staff's goal is to increase the efficiencies of this fund and thereby increase its net income to allow it to fully fund depreciation in order to meet future capital needs as well as begin to provide transfers into the General Fund.

Gas Fund – As a provider of natural gas to almost 14,000 customers, the Gas Fund is budgeted to have revenues of \$15,622,000 from sales of 1,719,250 MCF (1000 cubic feet). However, approximately 67% or 10.5 million of that revenue must go to cover its COGS. The Fund is expected to virtually break even, with net income of \$165,703. Incentives will be rolled out during the year to encourage more customers to convert to natural gas. This fund also contributes to the General Fund and is budgeted to transfer in just over \$1.3 million dollars.

Water Fund – The Water Fund is also expected to virtually break even with \$11,254,627 in revenue, but a net income of only \$195,212. Water rates were increased 3.5%, affecting the average household approximately \$.59 per month. This Fund provides 14 million gallons of water per day to over 35,000 customers and maintains hundreds of miles of water mains and services. It has the capability of producing up to 36 million gallons of water per day. Significant changes in the day to day operations have already been made in order to minimize the operational expenses for this fund. This fund is budgeted to transfer just over \$1 million dollars to the General fund in FY 2015.

Solid Waste Fund – This fund is responsible for the collection and proper disposal of solid waste generated by almost 25,000 residential and almost 1,300 commercial customers. This fund is budgeted to have \$9,823,924 in revenues. With expenses of \$10,573,571, a net loss of \$749,647 is projected. About 90% of this loss is attributed to unfunded depreciation. A rate increase of the 1.6% CPI plus an additional 5.4% went into effect July 1st. Staff's goal is to increase the efficiencies of this fund and thereby increase its net income to allow it to fully fund depreciation in order to meet future capital needs as well as begin to provide transfers into the General Fund.

Supplemented Enterprise Funds – These Enterprise Funds do not generate enough revenue to cover their operational costs; therefore, the General Fund subsidizes them. The Airport, Civic Center, and Transit System are not able to sustain themselves and will collectively receive \$3,560,268 in assistance from the total General Fund revenues. This is an increase of \$596,848 over the FY 2014 allocation. Additionally, these funds receive services from the General Fund valued at approximately \$650K which they cannot pay for, as other Enterprise Funds do. These funds' revenues support only 53% of their cost of operation. A significant amount of funding for the Airport and the Transit systems are provided by State and Federal grants.

Mayor and Board of City Commissioners
January 31, 2015

In summary, the FY 2015 adopted budget communicates the collaborative efforts of many individuals within our organization. As mentioned at the outset, this is the first budget that presents the City and WG&L as one unified entity. It is this type of effort and unification that will allow us to fulfill our responsibility to the citizens of Albany, which is to be fiscally sound and responsible with their tax dollars.

During the course of the fiscal year, we will continue to look for opportunities to integrate departments and avoid duplication of services. We will explore new revenue-generating streams. And, we will continue to cut expenses wherever possible.

I want to thank the entire staff for their hard work, dedication, and commitment to excellence.

Sincerely,

A handwritten signature in black ink, appearing to read "William T. Berry". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

William T. Berry
Interim City Manager

EXECUTIVE SUMMARY CITY OF ALBANY STRATEGIC PLAN

The employees of the City of Albany, under the leadership of the City Manager and the Board of City Commissioners, have committed themselves to continually improving the efficiency and effectiveness of the organization. How does city government improve the services it provides to its citizens while maintaining responsible control of revenues and spending? How, in other words, can we continue to do more for less without sacrificing quality customer service? These are challenging questions faced by cities and towns everywhere.

In 2004, the City hired an outside consulting firm to create its first five-year plan. Later, both the current City Manager James Taylor and his predecessor, Alfred Lott, determined that the document would be more accurate and meaningful if we developed it with only the City's staff and very limited outside facilitation. The Strategic Plan has become an internal effort that relies mainly upon the expertise that exists in the management team and within each department.

In 2006 and again in 2008, the City's staff updated the Strategic Plan. Although the plans were an attempt to project five years into the future, we resolved to review and update the plan every two or three years to incorporate changes in internal and external situations, such as fluctuations in the economy and changes in the needs of the community.

The current revision of the Plan began in late 2010 with plans to incorporate the Performance Management Framework for State and Local Governments. The Framework, which was released in June 2010, was created by the National Performance Management Advisory Commission, a collaborative effort of 11 leading public sector management organizations, including the Association of School Business Officials International, Council of State Governments, Government Finance Officers Association, International City/County Management Association, National Association of Counties, National Association of State Auditors, Comptrollers and Treasurers, National Association of State Budget Officers, National Center for State Courts, National Conference of State Legislatures, National League of Cities, and U.S. Conference of Mayors. The Advisory Commission developed the framework to help state and local governments, many of which are operating under severe resource constraints, to continually improve the results they provide to the public.

The update of the Strategic Plan in 2011 includes even more emphasis than before on using performance management techniques to improve our efficiency and effectiveness in using our resources to serve the citizens of Albany. Performance management comprises the concerted actions an organization takes to apply objective information to management and policy making in order to improve results. Performance management uses evidence from measurement to support governmental planning, funding, and operations. Better information enables elected officials and managers to recognize success, identify problem areas, and respond with appropriate actions – to learn from experience and apply that knowledge to better serve the public.

Strategic Planning includes developing a vision and mission, identifying the organization's external opportunities and threats, determining internal strengths and weaknesses, establishing both long-term and annual objectives, and choosing particular strategies to pursue. This phase of strategic management is accomplished through the development of a strategic plan.

Fully incorporating the next phase, Budgeting, into our existing process will likely take at least another year. The City's Budget document includes the listing of performance measures that were developed for each program during the strategic planning process. In the near future, the City's Budget will transition to a true program budget, which allocates resources by program rather than by department so the cost of formulated strategies can be determined. To accomplish the transition, we must begin to track personnel and operating costs for every City program instead of just by department or continue line item allocations by departments. The commitment from management is key.

Management is often called the action stage of strategic planning because it includes mobilizing employees and managers to put strategies into action. The best, most-analytical, well-documented strategic plan is useless if it is not put into action throughout the organization.

Evaluation is the fourth stage in strategic planning. We must know which strategies are working well and which need to be modified or eliminated. This is done by measuring performance regularly and taking corrective actions when they are needed. Regular, ongoing evaluation is necessary because the internal and external factors affecting an organization change and strategy must continually evolve to reflect the changing environment.

Measurement and reporting are activities that must occur continually throughout the strategic management process. Semi-annual evaluations of each employee's progress toward completion of their individual goals are made in Performance Pro. Their individual goals are linked to those of the department and to the City as a whole. The annual budget process and regular financial analysis will provide monetary measurements of our achievement. After measuring, we are better able to make corrections that will enable us to stay on course toward our goals.

The *science* of strategic planning can be taught. It involves learning the steps of an objective, logical, and systematic approach for making major decisions in an organization. However, strategic planning cannot be just a simple 1-2-3, fill-in-the-forms approach. For the *art* of strategic planning, we must rely on the knowledge of the people in our organization, their experience with the job activities they carry out every day, and their knowledge of how and where change is occurring in their professional fields. This knowledge and experience combines to give our management team the specialized intuition that – combined with the analytical training – has produced a strong, usable strategic plan.

CITY OF ALBANY STRATEGIC PLANNING PROCESS

Vision Statement

The first step in strategy formulation is to create a vision statement that answers the question, "What do we want to become?" The leadership team of the City – the City Manager, the Assistant City Managers, department directors and other managers - looked into the future, visualized the kind of city they hoped to become, and described that city in a brief statement. The following Vision Statement conveys those ideals:

The City of Albany is a progressive community where we value our past and the promise of our future. We strive to create an atmosphere where citizens and businesses can succeed together.

Mission Statement / Priorities of the City Commission

A mission statement is a statement of purpose that distinguishes one organization from others by identifying the scope of the organization's operations in product, service, or market terms. In other words, a mission statement is a declaration of the organization's reason for being. It answers the question, "What is our business? Who are we?"

A mission statement is more than a statement of specific details; it is a declaration of attitude and outlook. It is usually broad in scope for two major reasons. First, a good mission statement allows for the generation and consideration of a range of feasible alternative objectives and strategies without limiting management creativity. Second, a mission statement needs to be broad to effectively reconcile differences among and appeal to the City's diverse citizenship.

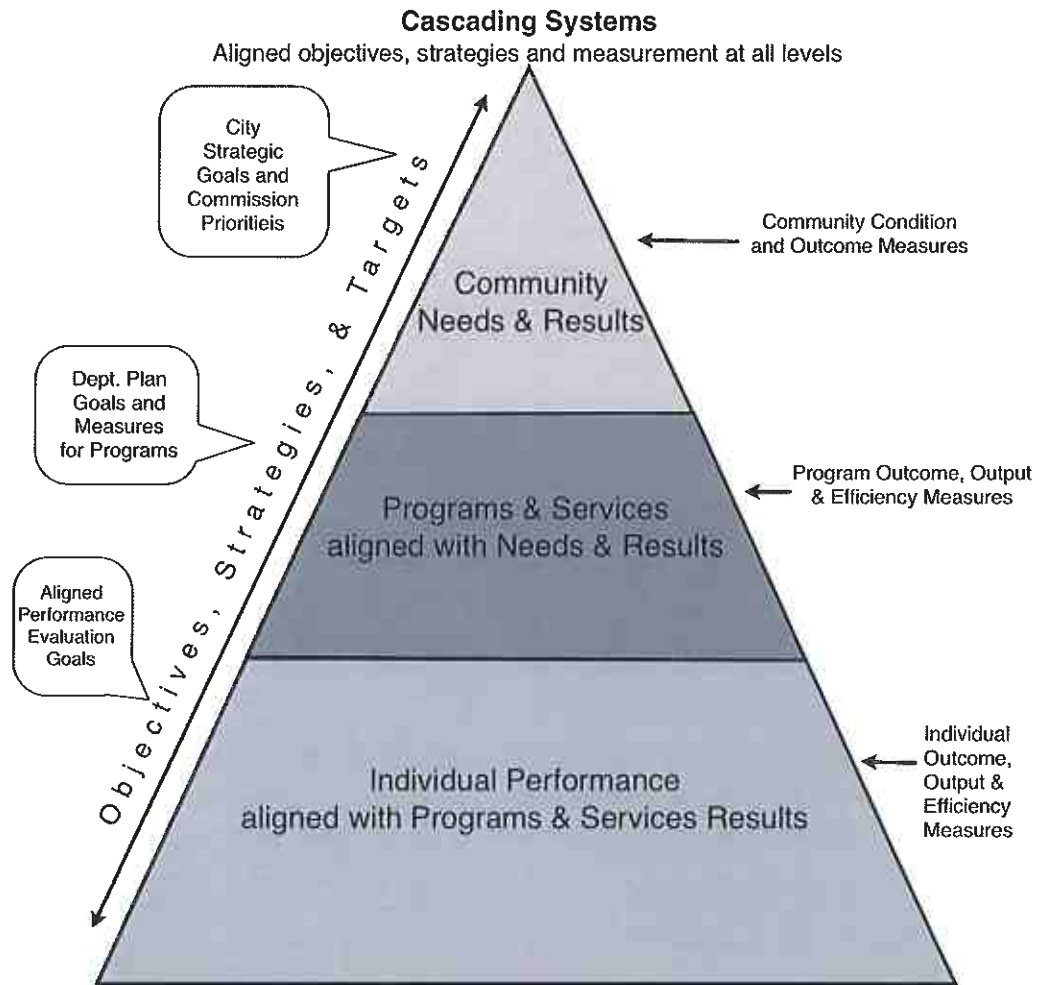

Mission statements are not designed to express concrete ends, but rather to provide motivation, general direction, an image, a tone, and a philosophy to guide the City. The leadership team created this mission statement:

The City of Albany is dedicated to improving the quality of life in our community by delivering fiscally responsible, cost effective, innovative, highly responsive services with integrity and professionalism.

In reviewing the Mission Statement and later in setting goals and objectives, the team incorporated the spirit of the six priorities set by the City Commission, which are:

1. *Public Safety*
2. *Blighted Property Eradication*
3. *Water, Sewer and Storm Water Infrastructure*
4. *Economic Development*
5. *Marketing the City of Albany*
6. *Poverty*

Albany’s Strategic Plan is aligned to the Needs of the community and the Priorities of the Commission

City Strategic Goals / Objectives

These are the six goals (in bold) that were set by the Leadership Team on December 15, 2010 and a brief statement that describes the goal from the viewpoint of our citizens:

- **A Healthy, Livable and Sustainable Albany** - I want to live in a strong and vibrant city that is clean, safe, and encourages a sense of community, while providing recreational and cultural opportunities for all citizens.
- **Accountable, Efficient and Responsive Government** - I want a fiscally responsible, accessible, and responsive government that maximizes use of resources for service delivery.

- **Community and Economic Vitality** - I want to live in a city that is aggressively pursuing economic growth and community development which encourages and sustains job creation, retail opportunities, and increased access to capital.
- **Managed Growth and Infrastructure** - I want to live in a community that is environmentally sensitive and promotes growth through good infrastructure management while conserving resources.
- **Public Safety: A Safe and Prepared Community** - I want to live in a community committed to protecting the lives, property, and well-being of its citizens.
- **Transportation Mobility and Connectivity** - I want to live in a City that provides safe, reliable, accessible, and efficient transportation services within and beyond Albany.

Strategic Management Plan

Once the Leadership Team set the Vision, Mission, and Goals for the City, the departments listed all of the activities that are carried out in their departments as separate programs. For instance, the Police Department listed, among others, the Gang Unit, Traffic, Investigations, and Animal Control. Performance Measures were developed and will be tracked for each program and the City goal supported by each program was identified. Each employee's individual goals in every department will be designed to measure the level of contribution to the program he or she supports.

Unlike the Strategic Plans of previous years, we elected not to include the very detailed listing of all the programs and measures for each department. Those will be maintained in each department and will be reviewed and evaluated at the detail level with Senior Management.

If all the planning, programs, and measurements in the City's strategic management process are coordinated toward the accomplishment of our shared goals, we will generate a powerful and successful force for change. With each year's fiscal cycle, budget, strategic planning and evaluations, we will move closer to a well-integrated strategy that flows through every facet of our government management system.

Currently, the Strategic Management plan has not been approved by management and as of January 2014, all efforts to develop the program further have been put on hold. The Board will revisit in fiscal year 2015.

AN ORDINANCE 14-113
ENTITLED

AN ORDINANCE ADOPTING THE CITY OF
ALBANY'S CORPORATE BUDGET AND
APPROPRIATIONS FOR THE PERIOD JULY 1,
2014, THROUGH JUNE 30, 2015; REPEALING
PRIOR ORDINANCES IN CONFLICT AND FOR
OTHER PURPOSES.

WHEREAS, a proposed FY 2015 budget has heretofore been submitted to the Mayor and Board of Commissioners of the City of Albany, Georgia for their study and review; and

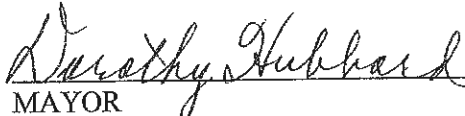

WHEREAS, the proposed budget has been carefully considered by the Mayor and Board of Commissioners; and

WHEREAS, the hearing required by O.C.G.A. § 36-81-5(f), was properly concluded,

NOW, THEREFORE, BE IT ORDAINED by the Board of Commissioners of the City of Albany, Georgia, and it is hereby ordained by authority of same:

SECTION 1. The proposed budget and appropriations for the period July 1, 2014, through June 30, 2015, are hereby adopted, and the estimated receipts and expenditures therein contained are approved. A copy of the proposed budget for FY 2015 is on file in the office of the City Clerk and a summary of same is attached hereto in the form of a budget summary marked Exhibit "A" and made a part of this Ordinance and expressly incorporated herein by reference as fully as if set forth verbatim. The sums of money set out in the proposed FY 2015 budget are hereby appropriated to be paid out of the respective funds of the City of Albany designated in the exhibit for the Fiscal Year beginning July 1, 2014, through June 30, 2015. The Finance Director is hereby authorized and directed to issue her warrants for the same as the several items shall respectively become due.

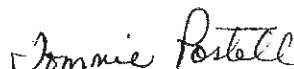

SECTION 2. All Ordinances or parts of Ordinances, in conflict herewith are repealed.

MAYOR

ATTEST:

CITY CLERK

Adopted: June 25, 2014

Utility Internal Service Fund (Expense)	0	0	<u>13,919,465</u>
Internal Service Funds (Net Effect)	0	0	0
* The expenses incurred in the Utility Internal Service fund have been properly recorded in each fund that utilizes its services. I.E. Water, Gas, Light, Telecom, Sanitary Sewer, Storm Water, Solid Waste, and the General Fund. Therefore, these expenses have already been included in the total budget, reported above.			

MAJOR REVENUE SOURCE SUMMARY

The General Fund estimated \$58,491,490 revenue accounts for 23% of the total FY 2015 estimated revenue of \$256,461,636. It represents an increase of approximately \$967,756 from the previous year's actual revenue. These estimates are based on historical revenue collection trends as well as current economic trends in the national, state, and local economies. Due to the current economic downturn, the revenue and expenditure estimates are conservative and assumes property taxes will remain about the same with a decline in sales tax revenue. However, an increase in the utility transfer has helped to increase the overall revenue for the General Fund.

This general operating fund for the City is used to account for all financial resources traditionally associated with governmental functions that are not legally or otherwise accounted for in another fund. The most significant General Fund revenue components are property taxes, sales taxes, and the transfers from utility operations. Trends for these revenue sources are highlighted in the following section.

Property Taxes - Property Taxes are the largest and the most significant source of revenue to the City. Current taxes provide \$15,176,867, approximately 26% of the General Fund Revenue. The FY15 projected revenue is a slight increase from the FY14 projected revenue of \$15,134,375. Property taxes are calculated using a state approved tax digest at millage rates set by the Mayor and Board of Commissioners. Presently, the millage rate for the City of Albany is 9.990 mills. One mill represents one dollar of tax for every \$1,000 of taxable value.

Utility Transfer - This is the second largest revenue source for the City of Albany and is estimated at \$11,319,305 or 19% of General Fund Revenue. In 2005, the City of Albany and WG&L Commission entered into an agreement whereby an amount equal to 7.5% of total metered revenue for the preceding year will be transferred to the City of Albany on an annual basis. Beginning in FY 2015, all utility funds (Light, Sanitary Sewer, Gas, Water, Solid Waste, Storm Water, and Telecom) will transfer 8.5% of their actual revenues on a monthly basis.

Sales Tax - Sales Tax is the third largest revenue source, with estimated revenues of \$8,712,635 or 15% of the General Fund Revenue. Sales Taxes are projected based on economic indicators and are collected at 1% of the State sales taxes. The Sales and Use Tax Rate in Dougherty County is presently 7%, and is distributed as follows: 4% State, 1% Local Option Sales Tax, 1% Special Purpose Local Option Sales Tax, and 1% Education Local Option Sales Tax. The City shares sales tax revenue with the County on a 60:40 basis of countywide collections. The State of Georgia limits a jurisdiction to one cent for general purpose.

The chart on the following page illustrates trends for the General Fund's three major revenue sources. Property tax and sales tax revenue have declined since 2005 as a percentage of the total revenues. The utility transfer had not experienced major growth over prior years, but FY14 saw an increase and additional revenue is anticipated with the 1% transfer increase in FY15.

The Light Fund is the largest of all the enterprise funds with anticipated revenues of \$104,977,063. It represents approximately 41% of the City of Albany’s FY 2015 Adopted Budget. This is an increase of \$3,270,584, or 3%, from FY14’s actual revenue. The increase in revenue is driven by a 2.5% rate increase.

The Gas Fund is the second largest enterprise fund revenue producer with \$15,622,000 in budgeted revenues. This is approximately 6% of the City of Albany’s FY 2015 Adopted Budget. This is a 17% increase from FY14’s actual revenue. This anticipated increase is a result of plant gas extensions, forecasted sales to new industrial customers, and efforts to get more residential customers to begin utilizing natural gas.

The Sanitary Sewer Fund is projected to generate \$14,188,460 in FY 2015. This represents approximately 5.5% of the Adopted Budget. This is an increase in revenue of \$1,046,001 over last year or about 8%. This is primarily driven by a scheduled 1.6% CPI increase plus an additional 3.4%.

The Water Fund has a projected revenue of \$11,254,627 in FY 2015, which is only about a 2% increase over FY14’s actual revenue. Rates were increased 3.5% and the water rate tables have been adjusted to correct the inverted structure (the more water used, the less it costs per gallon).

The Solid Waste Fund is responsible for generating approximately 4% or \$9,823,924 of the City’s FY 2015 revenue. User fees represent about 97% of this fund’s projected revenue. Rates were increased by the 1.6% CPI plus an additional 5.4%.

CITY OF ALBANY

POLICIES AND PROCEDURES

ANNUAL BUDGET

FY 2015

POLICIES AND PROCEDURES

The development and management of the City of Albany's annual budget is governed by both formal policies and by accepted practices. A number of pertinent policies and practices are outlined in this section. In addition, this section includes summary information that was provided to the City Commission during the annual budget process. The City's complete Financial Management Policy manual is located under the Finance Department tab on the City's website www.albany.ga.us.

BUDGET DEVELOPMENT AND ADOPTION

The budget process began in January 2014 with the Office of Management/Budget (OMB) preparing the FY 2014/2015 revenue projections and updating the budget request forms and the instructions to be used by City departments. The zero-based budgeting format (ZBB), introduced by the City Manager in 2007, was implemented during the budget process. ZBB typically requires departments to make three expenditure estimates for each service or program: one for a reduced service estimate, a second for maintaining the status quo, and a third for an enhanced level of service. The minimum services package was defined as that level of service that would meet only the most urgent needs. Due to the economic downturn, the City departments did not submit funding requests for an enhanced level of services.

Once these tasks were completed, the annual budget meeting was held in February 2014 and each department was given its FY 2015 budget package. The City Manager conducted budget hearings with each department head to review all budget requests and to prioritize each department's requests. The budget process included an opportunity for department heads to make a presentation to the Mayor and Board of City Commissioners highlighting their FY 2015 budgetary needs. The presentations provide the Board with a great deal of insight as to how priorities might be met, if required.

After the budget hearings are completed, the City Manager again reviewed and analyzed each request to formulate his recommended budget. Recommendations were based on historical data, a stagnant revenue base, and justification of budgetary needs as provided by the department heads, input from the Mayor and Board of Commissioners, and special circumstances that were anticipated to occur during the fiscal year. In addition, the City Manager's recommendations were based on what was reasonable and necessary for departments to operate efficiently and effectively and to maintain the current level of service.

In order to promote citizen participation, a public hearing for the budget was advertised and held June 10th. This hearing was designed to allow public input into the FY 2015 budget before its adoption. The recommended budget was submitted to the Mayor and Board of City Commissioners on June 25th for approval.

After extensive work by the City Manager and the budget preparation staff, the FY 2015 budget was adopted on June 25, 2014. Notification of the budget adoption was advertised in the local newspaper and a copy was placed on file in the City Clerk's office as required by State law. The approved budget, which is controlled and maintained by the Corporate Finance Department, was then added to the computerized budgetary and actual financial reporting system on June 30, 2014. The new fiscal year began July 1, 2014.

BUDGET MANAGEMENT PROCESS

Monthly Revenue and Expenditure reports are emailed to the City's Department Heads. These reports are also published on the City of Albany's website. During Fiscal year 2008, the Finance Department began publishing Quarterly Financial Reviews (QFR). The QFR compares the City's budget to actual expenditures. Expenditures are projected to fiscal year end, which helps management determine if their current spending trends need to be modified in order to change their departments' projected outcome.

Since a budget is an estimated financial plan, the existing budgetary process also allows for budget transfers throughout the fiscal year. The line item transfers do not change the amount appropriated. It is the responsibility of each department/division to control expenditures and to expend funds only for items that have been budgeted; however, due to unforeseen emergencies, a system is in place to accommodate changing needs.

BASE BUDGETING

Annual budgets are legally adopted for the General Fund, Special Funds, Internal Services Funds, and Enterprise Funds. This budget is balanced in accordance with Georgia law (OCGA 36-81-3(B) (3)) that states that, "a budget ordinance or resolution is balanced when the sum of estimated revenues and appropriated fund balances is equal to appropriation." Department and division expenditures are summarized as personal services and operating expenses. All budgets begin with the basic cost to maintain personal services while preserving the current level of service. Operating expenses and capital outlay are then allocated to departments for delivery of service.

FUND ACCOUNTING

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equities, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds in this budget are grouped into generic fund types and two broad fund categories as follows:

GOVERNMENTAL FUNDS

General Fund - The General Fund is the general operating fund of the City. It is used to account for all financial resources, except those with other fund accounting requirements.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes.

Debt Service Funds - Debt Service Funds are used to account for debt service transactions for bonds and other debts issued by the City and by ADICA.

Capital Projects Funds - Capital Projects Funds account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds). Capital is defined as any one asset valued at \$5,000 or more (\$2,500 for utility funds) and has a useful life of more than one year.

PROPRIETARY FUNDS

Enterprise Funds - Enterprise Funds are used to account for operations: (1) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or (2) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, or accountability of other purposes.

Internal Service Funds - The Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governments, on a cost-reimbursement basis.

BASIS OF ACCOUNTING

The budgeting and basis of accounting policies of the City of Albany conform to generally accepted accounting principles (GAAP) as applicable to governments. The basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. All Governmental Fund Types, Expendable Trust Funds, and Agency Funds use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available).

“Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The City considers revenues as available if they are collected within 60 days after year-end. Those revenues considered susceptible to accrual are property taxes, charges for services, sales taxes, fines, forfeitures, interest income, and intergovernmental grants. Revenues from licenses and permits and miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received.

In applying the susceptible-to-accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used for guidance. There are, however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the City; therefore, revenues are recognized based on the expenditures recorded. In the other type, monies are virtually unrestricted as to purpose of expenditure and are nearly irrevocable (i.e., revocable only for failure to comply with prescribed compliance requirements, such as equal employment opportunity). These resources are reflected as revenues at the time of receipt or earlier if they meet the criteria for availability.

Expenditures are generally recognized under the modified accrual basis of accounting when the related liabilities are incurred. Exceptions to this general rule include: (1) accumulated unpaid vacation, judgments, and claims which are not expected to be paid out of “available spendable resources”; (2) principal and interest on general obligation long-term debt which are recognized when due or when amounts have been accumulated in the debt service fund for payments to be made early in the following year; and (3) inventory of materials and supplies which are recorded as expenditures when they are consumed.

Proprietary Fund Types and the Pension Trust Fund utilize the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. The following is a summary of the more significant policies.

BASIS OF BUDGETING

The City of Albany employs the cash plus encumbrance method as its basis of budgeting for governmental funds. Revenue for the governmental funds is recognized when it is actually received in cash and encumbered amounts are treated as expenditures under this method. The City uses the accrual method as its basis of budgeting for proprietary funds. Under this method, revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the period in which they occur. The City deviates from Generally Accepted Accounting Principles (GAAP), and its basis of accounting stated in its audited financial statements, in the following areas as well:

- The fair value of investments is not treated as adjustments to revenue
- Some component units are excluded in this budget document- Albany-Dougherty Inner City Authority (ADICA) and Chehaw Wild Animal Park (CWAP) Authority
- The Sanitary Sewer Fund's debt service payment is included in the fund's operation

BUDGET AMENDMENT

The City of Albany's budget amendment/budget transfer process is regulated by the Official Code of Georgia (OCGA 36-81-3(d) (1)) and local policies. The level of control, or level at which expenditures may not legally exceed the budget, is at the department level in the State of Georgia (OCGA 36-81-2(14)). Any increase in appropriation in any department of local government, whether accomplished through a change in anticipated revenues in any fund or through a transfer of appropriations among departments, requires the approval of the governing authority (OCGA 36-81-3(d)(1)).

BUDGET TRANSFERS

The Corporate Finance Department can approve budget transfers up to \$10,000 without the City Manager's approval among various accounts within a department/division with the following exceptions:

1. No budget transfers are to be made between the Personal Services Budget and the Operations Budget.
2. No budget transfer will be made into or out of The Capital Improvement Fund.

Otherwise, any increase in appropriations in any fund for a department or through a budget transfer of appropriation among departments shall require the approval of the City Manager for amounts over \$10,000.

All budget transfers must be signed and justified by the Department Head. Requests will be considered based on the justification. All requests are to be submitted to the Controller who will forward requests to the City Manager, if necessary.

All appropriations lapse at fiscal year-end, except for Capital Improvement Projects if it takes longer to construct.

CAPITAL IMPROVEMENT PROGRAM

The Capital Improvement Program (CIP) is a five-year program that details anticipated expenditures as well as the proposed sources of funding. The General & Special Funds capital requests are defined as any one asset valued at \$5,000 or more that have a useful life of more than one year. They are funded through:

- (a) Minimum of 10 % transfer of total sales tax
- (b) CAD 911 sets aside funds for its capital needs.

The capital requests for Enterprise Funds are funded by the amount budgeted for their depreciation. The first year of the CIP is incorporated into the annual budget. The subsequent or outlying years are updated and revised each year to reflect the changing needs and priorities of the department heads.

Except for Enterprise Funds, vehicles for the City are purchased through the Capital Improvement Fund. Purchases are handled with available resources on hand. If financing is necessary, vehicles are purchased through a lease pool agreement with the Georgia Municipal Association (GMA). The GMA offers a program to governmental entities whereby they can borrow funds from the Bank of New York Mellon to finance rolling stock equipment for a maximum of five years. This pool covers new equipment purchases and does not offer reimbursements for previously purchased equipment. Items other than rolling stock may be approved by submitting an application to the Bank of New York Mellon prior to requesting funds. The City of Albany is currently participating in the 1998 GMA Lease Pool Agreement.

DEBT SERVICE POLICY

The City of Albany established a formal debt service policy in September 2010. The City shall comply with all requirements of the Official Code of Georgia Annotated (O.C.G.A.) Title 36 Chapter 82 and other legal requirements regarding the issuance of bonds and certificates of the City or its debt issuing authorities.

Specifically, the City of Albany has utilized both general obligation and revenue bonds to finance capital improvements too large to be financed from current revenues. Recent bond issues have sold with an "Aa3" rating from Moody's.

PURCHASING POLICY

The City Charter and State law set forth requirements for the expenditure of local government funds for the purchase of goods and services. Section 4, paragraphs 8 and 14 of the City Charter gives the City Manager the authority to make and execute all lawful contracts for operations under his/her supervision. It provides that all purchases of \$5,000 and above and all repair and maintenance expenditures of \$10,000 must be formally bid. It further states that the City Commission must approve all purchases above \$40,000, except as may be otherwise provided by law or by ordinance.

Section 2.649 of the City Code gives the City Manager the authority to make purchases up to \$40,000 and repair and maintenance expenditures of up to \$40,000. Over this amount, the City Commission must grant approval. This section of the code also gives the City Manager the authority to sell surplus property up to \$5,000. The sale of surplus property valued over that amount requires prior Commission approval.

REVENUE AND EXPENDITURE POLICIES

An accepted but informal policy, which was put in place with the adoption of the fiscal year 1992 budget, was that each component of the City's overall budget should be independent and self-sufficient. While recognizing that Non Self-Sustaining Enterprise Funds, such as Airport, Civic Center, and the Transit System, would traditionally need some revenue subsidy from the General Fund, it was determined that interfund dependency should be avoided between the General/Special Funds and the Self-Sustaining Enterprise Funds.

In 1993, an informal policy was formulated which stated that revenue and expenditures should be accounted for in the budget just as they would be set forth in the year-end audit. The result of this policy was to include non-cash revenue and expenditure items previously not included in adopted budgets but included in year-end audits.

CASH STABILIZATION POLICY

The scope of the cash stabilization policy is to establish a separate Cash Stabilization Fund by setting aside funds equal to 15% (5% stabilization fund, 10% working capital) of the current year's budgeted General Fund revenues. The goal is to maintain at least three months operating cost in liquid form. These reserve funds are a prudent way of maintaining a level of financial resources necessary to protect against short term borrowing for cash flow purposes and to have adequate funds available in the event of an emergency or catastrophe. Also, credit rating agencies carefully monitor the level of fund balances and unreserved fund balances in a government's general fund when evaluating that government's credit worthiness.

These reserve funds shall be secured in a manner that is consistent with the following principles, in the order listed:

1. Legality – all investments comply with state and local laws
2. Safety – principal is protected from loss with secure investment practices and collateralization
3. Liquidity – investments are readily converted to cash when needed without losses.
4. Yield or Return on Investment – earnings are maximized without diminishing the other principles.

Funds may be transferred from the working capital account to the City's General Fund operating account only with the prior approval of the City Manager, who will notify the City Commission at the next available opportunity. No withdrawals from the cash stabilization fund shall be made without a resolution by the Commission. The cash stabilization fund must be replenished within five years following the year(s) in which it is used. The working capital must be replenished to its minimum level within one year of its use.

FY 2014/2015 BUDGET CALENDAR

Budget Activity	Action By	Completion Date
1. Revenue Projections	Finance Department	January 17

Water, Gas, Light, Telecom, Sanitary Sewer, Storm Water, Solid Waste, and the General Fund. Therefore, these expenses have already been included in the total budget, reported above.

CITY OF ALBANY

SUPPLEMENTAL INFORMATION ANNUAL BUDGET FY 2015

City Of Albany FY 2013 - FY 2015 Revenue / Expenditure Trends

HISTORICAL TRENDS / REVENUE & EXPENDITURE ANALYSIS

Information is provided in this Supplemental Information section to give the reader an overview of the current year's budget as well as to present historical trends on the City's budget. Also included are graphs and charts on revenue/expenditures, fund balances for all funds, property tax information, Utility transfers, debt and tax digest information, and other pertinent information about the City of Albany.

The City, like other communities across the country, is still facing economic challenges due to the depressed economy. Full recovery still may be a few years ahead. Due to the state of the economy, the Mayor and Board of City Commissioners elected to implement a 1.33 mill increase in FY13 to the citizens of Albany to offset the declining tax digest and the subsequent decreasing property tax revenue. The City of Albany has been fortunate enough to avoid layoffs and furloughs; but incentives for retirement may be considered. 13 vacant positions remain unfunded, down from 16 unfunded positions in FY14.

The CAD/911 Special Revenue fund is anticipating using its fund balance for the fifth consecutive year in FY15 to meet its mission requirements. In upcoming budget years, alternative revenue sources will have to be identified. A synopsis of revenues and expenditures from FY 2013 through FY 2015 is discussed below:

Fiscal Year 2013

- The FY 2013 Adopted budget of \$228,366,264 represented an increase of .9%, or \$2,020,125 from the FY 2012 Amended Budget of \$226,346,139.

The budget process for FY 2013 was one of the more difficult in recent years. The Office of Management and Budget was forced to ask all departments to practice Zero Based Budgeting, or ZBB, when the budget requests were submitted due to the extreme cutbacks necessary to balance the budget. Most of the departments had to cut their budgets and the City anticipated a loss of \$1,741,975 from the General Fund's Fund Balance.

Along with the still struggling economy of Southwest Georgia, a large portion of the decline in revenue was due to the elimination or expiration of funding for program grants. As the City progressed through the fiscal year, all options were explored to generate revenue. Department directors were challenged with a city-wide 2% staff reduction and a 10% operational expenditure reduction for the next fiscal year.

Fiscal Year 2014

- The FY 2014 Adopted budget of \$226,841,944 represents a *decrease* of .7%, or \$1,524,320, from the FY 2013 Adopted budget of \$228,366,264.

The budget process for FY 2014 continued to be a challenge as in prior years. The staff was again advised to seek ways to reduce their operational budgets. The reduction in staff was realized this fiscal year with FTEs decreasing from 1,216 to 1,172. The City's printing department was the only service eliminated in order to reduce costs. The new Storm Water Utility which was implemented in this fiscal year is anticipated to generate more than \$3 million in revenue of which approximately \$2.2 million will be transferred to the General Fund.

HISTORICAL TRENDS / REVENUE & EXPENDITURE ANALYSIS

For the first time in several years this adopted budget balanced the General Fund without using transfers from our Fund Balance.

Fiscal Year 2015

- The FY 2015 Adopted budget of \$259,026,989 represents an *increase* of 12%, or \$27,868,214, from the FY 2014 actual expenditures of \$231,158,775.

The General Fund for FY15 will require only a \$459,567 transfer from fund balance and used only ½, or \$1,764,459 of the MEAG transfer designated for operations. The fiscal year's budget includes a 2% Cost of Living Adjustment (COLA) for all regular, full time employees effective 7/1/14, Workers' Compensation fully funded from 75% to 100%, depreciation funded in appropriate funds, charging a Storm Water Utility fee for the first time to City departments (\$2.50 per ERU or Equivalent Residential Unit) and adjusting the distribution of Indirect Cost to appropriate funds. All are all significant factors for the FY15 budget. Also during the new fiscal year, there will be an increase to the employee Group Insurance Matching.

Fiscal year 2015 will also begin the merger between City of Albany and Utility departments, such as Finance, Central Services/Procurement, HR, IT, Fleet Management and Maintenance, Inventory Management and Control, and others deemed necessary by the City Manager.

Fund Balances/Equities for All Budgeted Funds

Included in the following section is a three-year history of fund balance/net assets for General Fund, Community & Economic Development, CAD-911, Hotel/Motel, Capital Improvement, Tax Allocation District, SPLOST, Job Investment, Grant, Light, Sanitary Sewer, Gas, Water, Solid Waste, Storm Water, Telecom, Airport, Civic Center, and Transit. These fund balances and fund equities are carried forward from the previous fiscal year. Fund balance/equity usually consists of two basic components: cash carried forward and contributed capital carried forward. Currently, the largest source of fund equity carried forward comes from Sanitary Sewer Fund at \$64,169,116 for fiscal year ending 2014. The fund balance for the General Fund for fiscal year ending 2014 was \$17,490,790. The City works tirelessly to build and maintain a healthy Fund Balance. Sixty-six percent of the total is cash, which provides a very strong position that insures the City meets all obligations.

*Includes \$750,000 of unmetered revenue.

In 2005, the City of Albany and the Water, Gas & Light Commission (Utility) entered into an agreement whereby an amount equal to 7.5% of total metered revenue for the proceeding year will be transferred to the City of Albany on an annual basis. Now that the Utility is functioning as a department of the City, this is done as a departmental transfer. Beginning in 2015, the monthly transfer rate is 8.5% of current revenue.

DEBT AND TAX DIGEST INFORMATION

This section provides financial data on the City's long term financial obligation, current debt obligation, debt levels and legal limits, City's tax digest and information on the largest taxpayers.

Certificates of Participation

In 1998 the City of Albany entered into a lease pool agreement with Georgia Municipal Association. The City draws from the investment to lease equipment from GMA. The agreement requires the City to pay back into the investment account to fund the \$10,000,000 principal plus 4.75% interest. The interest is payable on an annual basis. The principal is due in a lump sum on June 1, 2028. Annual debt service requirements are as follows:

FYE	Principal	Interest	Total
2015	0	475,000	475,000
2016	0	475,000	475,000
2017	0	475,000	475,000
2018	0	475,000	475,000
2019	0	475,000	475,000
2020 – 2024	0	2,375,000	2,375,000
2025 – 2028	<u>10,000,000</u>	<u>1,900,000</u>	<u>11,900,000</u>
Total	<u>\$10,000,000</u>	<u>\$6,650,000</u>	<u>\$16,650,000</u>

Debt Limitation

The present constitutional limit on direct general obligation debt for the City is equivalent to ten percent of assessed valuation of taxable property for debt service purposes. The unused legal debt margin for the City after the issuance of the bonds is computed below for FY 2014 (in thousands):

Assessed Value of Taxable Property	\$1,525,025	
Add Back Exempt Property	133,147	\$1,658,172
	=====	=====
Debt Limit--10% of Assessed Value (Article IX, Section VII of the Constitution of Georgia)		\$165,817
Amount of Debt applicable to Constitutional Debt Limit, Total General Obligation Bond Debt (ADICA and SPLOST)	\$ 16,579	
Less: Assets Available for Bond Service	<u>0</u>	<u>\$ 16,579</u>
Legal Debt Margin pursuant to Article IX, Section III of the Constitution of Georgia		\$149,235
		=====
Percent of Debt Limit Used		10.00%
		=====

The constitutional debt limitation applies to all direct general obligation bonds authorized with a ten percent limit imposed upon Dougherty County and a separate ten percent limit imposed upon the Dougherty County School System. Additional general obligation bonds may be issued if so approved by a voting majority in an election held for that purpose.

Assessed and Estimated Fair Market Taxable Property Values

2014	Estimated Fair Market Value of Taxable Property	\$ 3,812,563,000
2014	Net Assessed Valuation of Taxable Property for Bond Purposes	\$ 1,525,025,000

**Computation of Direct and Overlapping Bonded Debt
General Obligation Bonds Tax Digest**

<u>Jurisdiction</u>	<u>Net General Obligation Bond Debt Outstanding</u>	<u>Percentage Applicable to City of Albany</u>	<u>Amount Applicable to City of Albany</u>
Direct			
City of Albany (1)	\$2,905,000	100%	\$2,905,000
Overlapping:			
Board of Education	32,000,000	82%	26,240,000
	-----	-----	-----
Total	<u>\$34,905,000</u>		<u>\$29,145,000</u>

(1) These bonds are direct general obligations of the City of Albany, either directly or through leases with ADICA. Principal and interest are payable from an ad valorem tax upon all city property.

Debt and Assessed Value per Capita

Total City Debt per Capita *	\$ 38
Total Overlapping Debt per Capita *	\$ 344
 Fair Market Value of City Taxable Property per Capita	 \$50,043

* Based on estimated 2013 population of 76,185 for the City
* Based on estimated 2013 population of 92,909 for the County.

Tax Collection Procedure

The Dougherty County Tax Commissioner collects ad valorem taxes that have been levied by the City. Real and personal taxes are generally billed in October of each year and are due on December 20. Interest of one percent per month is imposed on taxes not paid by their due date. Additionally, a ten percent penalty is imposed on all taxes delinquent after 90 days. Public utilities are billed in October and are due on December 20. The Tax Commissioner follows State law as it pertains to the advertisement and sale of property where taxes have been delinquent for an extended period of time. Mobile home taxes are due January 1 of each year and are payable without penalty between January 1 and May 1. Motor vehicle taxes are due on the taxpayer's birthday. As tax payments are received and properly credited by the Tax Commissioner, the applicable portion is transferred to the City.

Largest Taxpayers

The following table lists the ten largest taxpayers based on their 2013 assessed value in the City of Albany and their respective percentage of the City's total assessed valuation.

<u>Taxpayer</u>	<u>Type of Business</u>	<u>2013 Assessed Valuation</u>	<u>Percentage of Total Assessed Valuation (1)</u>
1. Bell South	Telecommunications	14,536,033	.95%
2. Albany Mall, LLC	Mall Developer	12,525,452	.82%
3. M&M Mars	Confectioner	10,765,001	.70%
4. Wal-Mart	Retail	9,799,696	.64%
5. Flint River Services	Warehousing	7,766,298	.51%

Property Tax Digest Trend

The property tax digests of the City for the calendar years 2009 through 2014 are outlined on the following table. Values for real property represent all real estate less the exempt property in the city, and personal property includes motor vehicles, bank shares, inventories, aircraft, pleasure boats, industrial machinery, fixtures and equipment, farm machinery and equipment, livestock, mobile homes and public utilities. State law requires that all property assessments be at a uniform 40 percent of current market value.

City of Albany
FY 2015
Personal Services

Total Personal Services
\$63,653,939

FY 2015 Personal Services

The City of Albany's number one priority is to provide the most effective and efficient services to the citizens of Albany. The City has a dedicated work force, which consists of 1,172 full-time budgeted positions. Through these dedicated and motivated employees, the City provides a wide range of quality services to all citizens in our community.

The City is aware of the importance of maintaining a well-trained motivated work force and strives toward offering its employees a competitive benefit package. The City's total benefit package includes the following:

Salaries & Wages	Social Security (FICA)
Retirement Plan with Pension and Vesting Benefits	Workers' Compensation
Deferred Compensation Plan	Sick and Vacation Pay
Health and Dental Insurance	Employee Assistance Program
Life Insurance	Tuition Reimbursement Program
Cafeteria Plan	Paid Holidays

Salaries & Wages

Salaries and fringe benefits account for approximately 26% of the total operating budget. Included in the salary account are overtime pay, holiday pay, and part time help.

Retirement Plan with Pension and Vesting Benefits

A retirement plan is provided for all regular, full-time employees. All general employees contribute 4% of their gross income to the plan and the city contributes 8.9% on their behalf to the pension plan. Public Safety employees contribute 7% of their gross salary to the pension plan and the city contributes 11.9% on their behalf to the pension plan. Full-time employees are eligible for this coverage effective with their date of employment, and are also eligible for vested benefits upon completion of 10 years of service.

Deferred Compensation Plan

The City provides employees with the choice of participating in two deferred compensation plans. These plans allow an employee to make tax deferred contributions into a retirement savings account.

Health and Dental Insurance

The City of Albany allows full-time employees the opportunity to buy into a health plan, which offers health and dental insurance. The employee's coverage will start on the first day of the month following completion of one month's premium deduction from the employee's paycheck. The City pays 75% and the employee pays 25% of the monthly premium for this coverage.

Life Insurance

For full-time employees who choose to participate in the life insurance program, the City provides basic life insurance and accidental death/dismemberment (AD&D) insurance. The City pays \$.65 per \$1,000 of coverage for the life and AD&D insurance. Employees may also purchase additional life insurance coverage for which the employee pays 100% of the cost. The premium for this coverage is based on the age of the employee. For part-time employees the City provides basic life insurance after one year of employment.

Cafeteria Plan

The City provides a Cafeteria Plan to its employees, which allows for pre-tax deductions for group insurance premiums and dependent care expenses.

Social Security (FICA)

All employees are enrolled in the Social Security Act. The City contributes the employer share of 7.65% (6.20% of an employee's salary to a maximum salary of \$117,000 for Social Security and 1.45% of all earnings for employees for Medicare).

Workers' Compensation

The City provides a self-funded Workers' Compensation program. Benefits are paid as prescribed under the State of Georgia Workers' Compensation Law. Medical care is provided through a panel of physicians selected by the City.

Sick and Vacation Pay

Sick Leave and Vacation Leave are accrued by all full-time employees. All employees receive the same amount of sick leave accrual each pay period (12 days per year). Vacation leave accumulation per week is dependent upon the employees' exempt or non-exempt status along with the length of employment.

Employee Assistance Program

The City has an Employee Assistance Program for its employees and their families. The program provides free counseling services for employees and their families who are experiencing legal, emotional, financial, or other problems which may affect their job performance.

Tuition Reimbursement Program

The Tuition Reimbursement Program of the City of Albany is designed to encourage employees of the City to improve their job-related knowledge, skills, and abilities through training and/or education. Reimbursement for education that is job related shall be on a tuition reimbursable basis each year, not to exceed \$1,500 per academic year.

Paid Holidays

The City of Albany provides ten paid holidays each year to regular, full-time employees with benefits. These holidays include; New Year's Day (1); Martin Luther King Jr. Day (1); Memorial Day (1); Independence Day (1); Labor Day (1); Thanksgiving Day and the day after (2); Christmas Eve (1); Christmas Day (1); and one floating holiday (1).

CITY COMMISSION

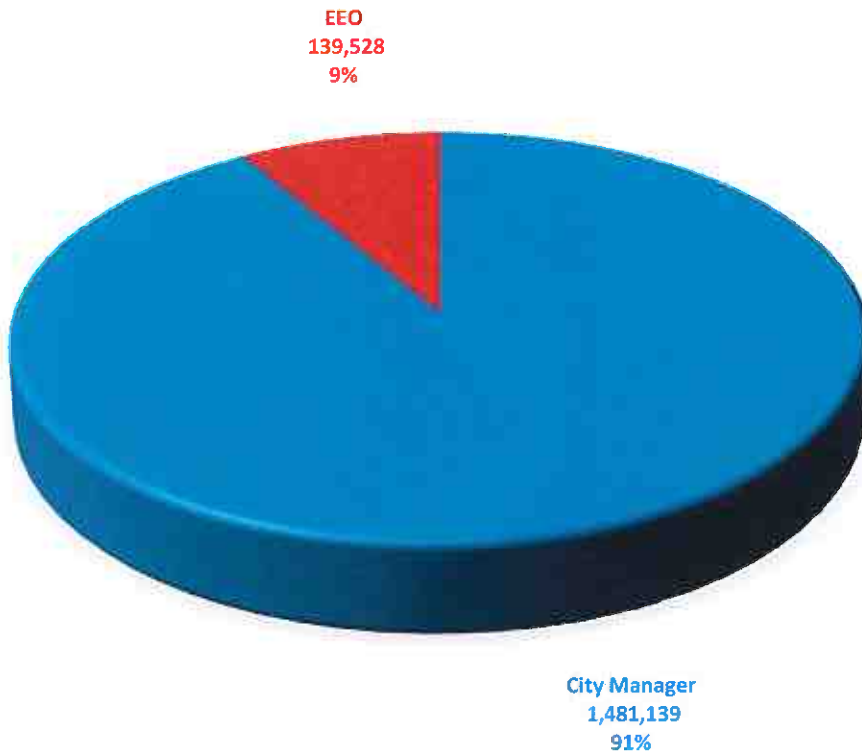

DESCRIPTION

The Board of City Commissioners consists of seven elected members, a Mayor and six Commissioners. The Mayor is elected at-large while the Commissioners are elected by wards. The City Commission makes policy decisions concerning all City Departments, passes ordinances and resolutions, and raises revenue as necessary. The Commission meets in work sessions on the first and third Tuesdays of the month to consider agenda items. Recommendations from these work sessions are sent to the entire City Commission for consideration. The City Commission meets on the fourth Tuesday of the month in Room 100. All meetings are held in the Government Center at 222 Pine Avenue, Albany, Georgia. The official meeting times are posted on our website at www.albany.ga.us and in the Governmental Center on the first floor.

EQUAL EMPLOYMENT OPPORTUNITY DIVISION

DESCRIPTION

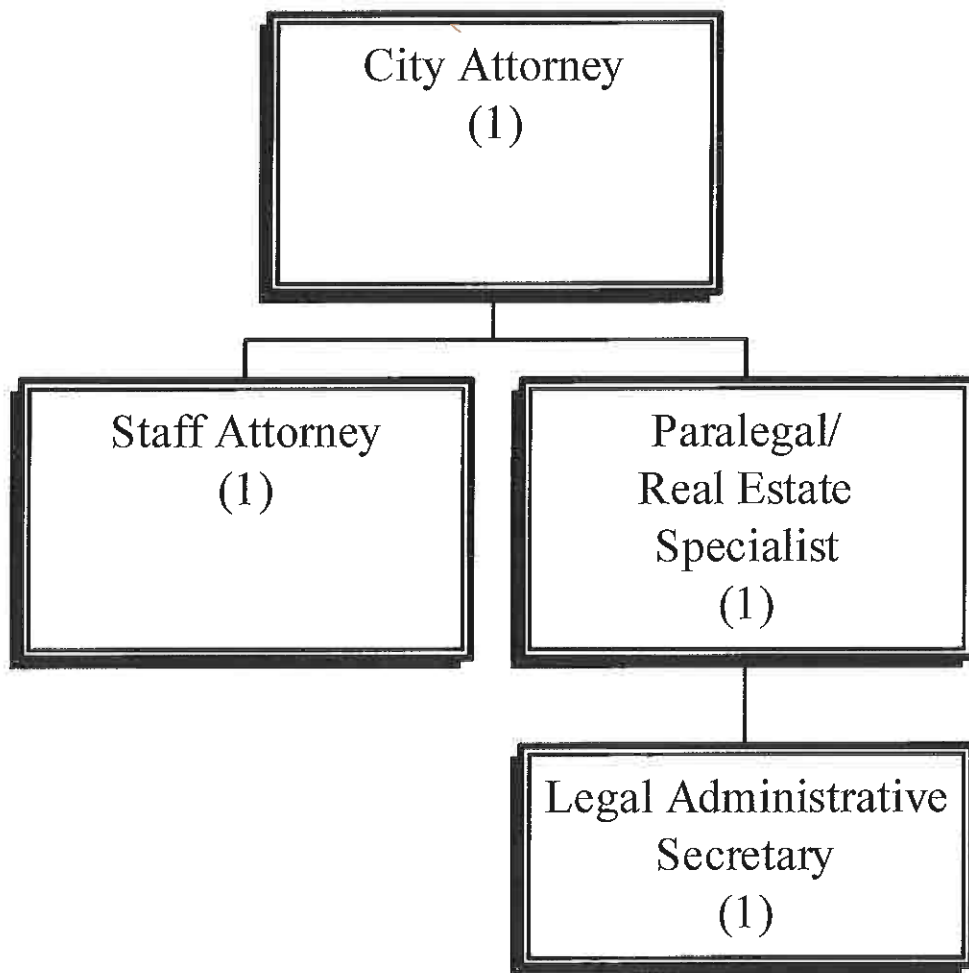

The mission of the Equal Employment Opportunity Division (EEO) is to support the City of Albany’s overall approach to maintaining a positive, productive and cohesive environment within the organization’s structure and culture by identifying needs, recognizing issues, and formulating solutions regarding challenges resulting from the behavior of staff and citizens, and the effects of the organization’s rules and culture, structures, and external influences and pressures.

City Attorney

CITY ATTORNEY

DESCRIPTION

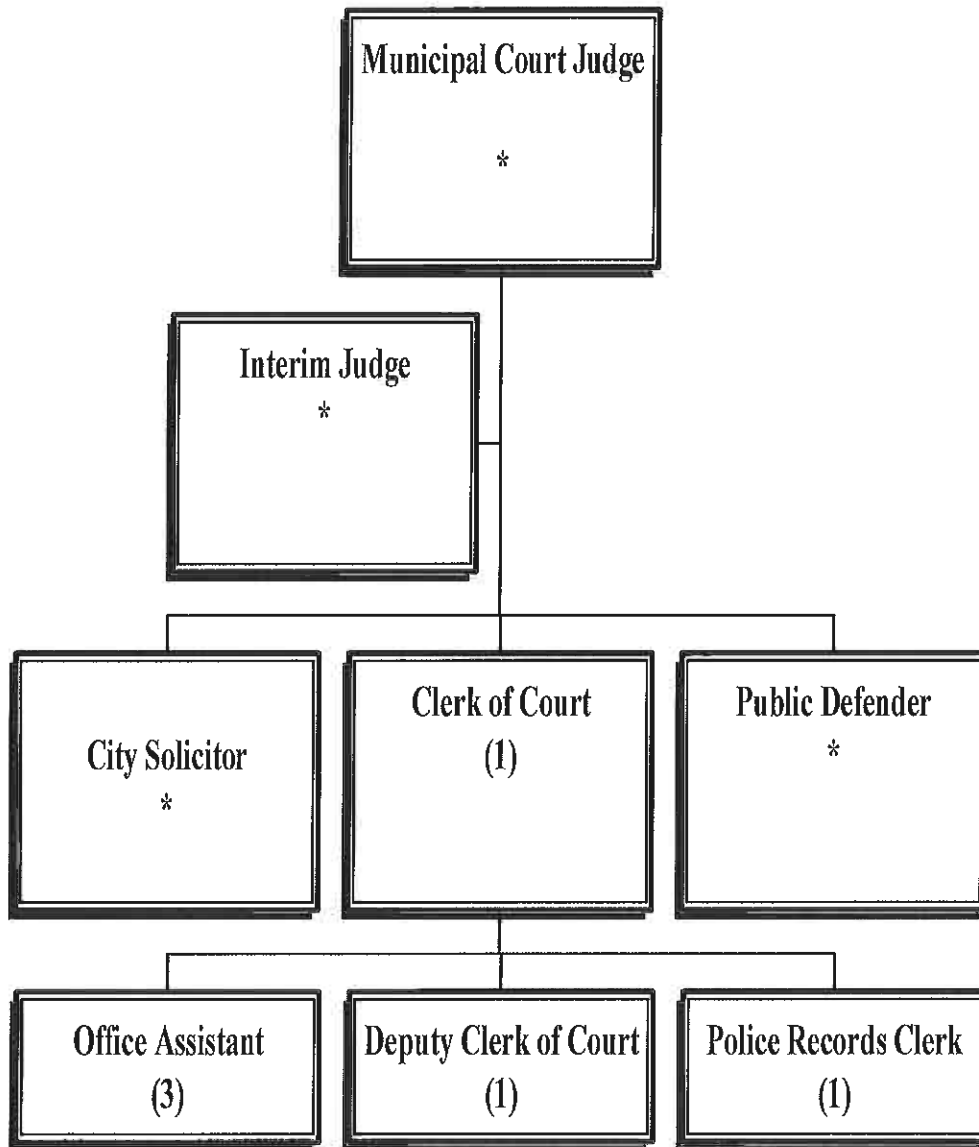

To promote and protect the interests of the City of Albany by providing quality legal services to the Mayor and Board of Commissioners as well as to the City Manager and Department Heads. The City Attorney is available to review and/or draft contracts, leases, ordinances, resolutions, to conduct real estate closings, and to handle condemnations and annexations. In May 2005, Ordinance 06-103 began to apply a new State Law on nuisance abatements. Those matters are now part of the City Attorney's Office.

MUNICIPAL COURT OFFICE

* Appointed

MUNICIPAL COURT

DESCRIPTION

The Municipal Court is a misdemeanor court that has jurisdiction over City Ordinance violations and State and Local traffic offenses. Specific type cases handled by the court include routine traffic offenses, driving under the influence of alcohol, possession and consumption by a minor, truancy and curfew violations, possession of marijuana less than an ounce, firearms violations, nuisance and abatement cases, animal control citations, false alarm, and lot cleaning cases. The court is also responsible for entering citations and case dispositions and forwarding entries to the Department of Public Safety. Court sessions begin at 8:30 a.m. and are held Monday, Wednesday, Thursday, and Friday. Animal Control, Lot Cleaning, and False Alarm Cases are held on the fourth Tuesday of each month. Nuisance and Abatement dockets are heard on the fourth Thursday of each month. Jail arraignments are held on Monday, Wednesday, and Friday at 7:30 a.m. at the Dougherty County Jail. The court contracts with a probation office to supervise programs on probation that require probation revocation hearings, signing of arrest warrants, and probation violation petitions.

HUMAN RESOURCES - RISK MANAGEMENT

DESCRIPTION

Plans, organizes, implements, and monitors a comprehensive loss control program for the City. Identifies, analyzes, and evaluates risks and potential losses to the City as they relate to insurance, safety, and claims. Recommends and assists in the negotiation and selection of insurance programs for the City. Negotiates the adjustment of all insured and uninsured losses. Monitors the safety program of the City to ensure its uniform application and shall make recommendations as needed. Participates in the investigation of accidents and injuries and prepares material and evidence for use by the City in hearings, lawsuits, and insurance investigations. Inspects City facilities to assess existing or potential accident and health hazards and recommends corrective or preventive measures as needed.

CENTRAL SERVICES - FLEET MANAGEMENT DIVISION - MAINTENANCE

DESCRIPTION

The primary function of the Fleet Management Division is to provide high quality specifications for all vehicle and equipment purchases and assure the safety and serviceability of over 1,000 vehicles and equipment to support City operational efforts in a cost-effective manner. Responsibilities include preparing a variety of reports, processing invoices, monitoring compliance with vendor contracts associated with fleet maintenance, inspecting and generating specifications for new vehicles, evaluating vehicle usage, scheduling and performing preventive maintenance and repairs to all city vehicles. Duties also include stocking and maintaining the fuel management system which consists of two sites that deliver several thousands of gallons of fuel monthly and tracks our preventive maintenance; maintaining a motor pool of vehicles for use by other departments or divisions; and responding to emergency situations twenty-four hours a day.

Finance Department

FINANCE/ ADMINISTRATION-CORPORATE DIVISION

DESCRIPTION

This division supervises, coordinates, and directs all the financial operations of the City Government. These operations include: the accounting for all disbursements coordinated with the City Manager, the preparation and administration of the annual budget, administering the retirement system and the Public Employees Group Health Plan. This department also serves as advisor to the City Manager and City Commission on matters related to finance. This office coordinates audits performed by Independent Certified Public Accountants, and Federal and State Auditors.

CODE ENFORCEMENT DEPARTMENT SUMMARY

DESCRIPTION

The Administration/Enforcement Division of the Albany Code Enforcement Department is responsible for the life-safety, general health and welfare of the public within the boundaries of the City of Albany and Dougherty County as they relate to the construction, occupancy and maintenance of buildings, structures and property. This is accomplished by the enforcement of Georgia State adopted building codes, laws and the local ordinances of the City of Albany and Dougherty County. The primary duties include the prevention, identification, correction or abatement of violations of all applicable laws, codes and ordinances. All functions of this Division require frequent communication and interaction with other local, state and federal officials.

SERVICES DIVISION

DESCRIPTION

The Services Division is primarily responsible for maintaining the best interest of the citizens of Albany as it relates to conducting business. Those in the Division investigate and regulate permitted events, all alcohol establishments and businesses. They ensure that those conducting business are in possession of an Occupational Tax Certificate for the City of Albany, and Dougherty County and when appropriate, an alcohol license. They also enforce the sign ordinance to stop the proliferation of illegal signs; inspect all vehicles for hire to ensure safe transportation for the public; perform training to area merchants in hope to prevent the sale of alcohol to persons underage; and administer the false alarm reduction program. This Division also serves tax levies and oversees the collection of bad checks written to the city. Additionally, the division is responsible for security during judicial hearings of the Municipal Court, the delivery of summons & warrants issued by that court, and arresting people wanted by the Municipal Court.

INFORMATION TECHNOLOGY - 311 DIVISION

DESCRIPTION

The 311 Division of the IT Department provides free non-emergency information to the public with quick and easy access to all City of Albany, Dougherty County and WG&L government services and information while maintaining the highest possible level of customer service. We help agencies improve service delivery by allowing them to focus on their core missions and manage their workload efficiently. We also provide insight into ways to improve City/County government through accurate, consistent measurement and analysis of service delivery City and County wide.

PLANNING & DEVELOPMENT SERVICES

DESCRIPTION

The Planning and Development Services Department is comprised of three Divisions: Planning & Zoning, Development Services (Inspection), and Geographic Information System (GIS). Planning and Zoning is responsible for the governing of all land usage and developments within the city limits of Albany and the unincorporated limits of Dougherty County. This Division is also responsible for the administration of the Comprehensive Land Use Plan, Zoning Ordinance, Floodplain Management Ordinances, and Sign Ordinances; and provision of staff support for several citizen boards, including Historic Preservation, Greenspace, and Transportation. Inspection provides quality public service while ensuring compliance with the Georgia State building code, local codes, and ordinances. We provide information for our residents, design professionals, contractors, builders and developers to ensure that all construction is maintained in a safe, energy efficient, and accessible manner. GIS, a computer technology, combines geographic data (the locations of man-made and natural features on the earth's surface) and other types of information (names, classifications, addresses, and much more) to generate visual maps and reports. The GIS division currently maintains more than fifty GIS layers including aerial photos, parcels, street centerlines, zoning, and flood information.

Police Department

POLICE DEPARTMENTAL SUMMARY

DESCRIPTION

The Albany Police Department is responsible for safeguarding lives and property in the City of Albany. The Department is responsible for the enforcement of laws, prevention of crime, promotion of safety, education and implementation of programs to reduce crimes, to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder. In our efforts to accomplish these mandates the Albany Police Department has embraced the philosophies of "Community Oriented Policing". The goal of Community Oriented Policing is the reduction of crime and disorder by carefully examining the characteristics of problems in the neighborhoods, and then applying appropriate problem-solving remedies. The "Community" for which a patrol officer is given responsibility is a small, well-defined geographical area. Beats are configured in a manner that preserves, as much as possible, the unique geographical and social characteristics of neighborhoods while still allowing efficient service. Effective community policing is generated by optimizing positive daily contacts between our citizens and the police. Assignment of officers to "Districts" enable them to work long term assignments in the same areas, becoming more familiar with members of the community, thus enabling them to stay aware of the day-to-day working of their community.

Total Increase/(Decrease) Less Corporate Budgeting Changes

*The Police Department's budgets include the appropriation for Albany/Dougherty Metro SWAT. This unit is under the direct supervision of a Dougherty County Unit Commander. The governing authority of this body of Officers is derived through the Albany/Dougherty Metro SWAT Board of Directors. The SWAT budget has been included in the summary totals above; however, it is independent of the City of Albany's Police Departments budget.

POLICE ADMINISTRATION

DESCRIPTION

The Administrative Bureau directs all police operations and provides guidance, leadership and integrity over all branches of the Police Department. This is done through the planning and coordination of all activities by the implementation of policy and procedures. The Administrative Bureau oversees all functions of budgetary matters and procedures. The Planning and Research Section provides up-to-date data and techniques used to plan the operation of the Police Department including the securing of various grant funds. The Office of Professional Standards is comprised of Internal Affairs, Recruitment and Training. The Recruitment Unit insures that candidates for the position of Police Officer are capable, knowledgeable and reflect the goals and objectives of the Police Department and the City of Albany. The Training Section acts as a facilitator and mentor, managing new recruits to insure proper training is provided to each officer hired. It is also responsible for providing updated and advanced in-service training to officers currently on the force. The Internal Affairs section protects the Police Department, the City of Albany, and the officers themselves through the development and enhancement of skills, knowledge, procedures and the constitutional rights afforded equally to all citizens of this community.

POLICE UNIFORM

DESCRIPTION

The Uniform Bureau is the largest of the Four (4) Bureaus which comprise the Albany Police Department. It presently patrols three (3) districts: West, Central, and East. The Uniform Bureau is committed to serving our community, to enhancing quality of life and to nurturing public trust by holding itself to the highest standards of performance and ethics. These officers are determined to serve as a deterrent to crime, develop relationships with community groups, residential and business organizations and promote an environment receptive to all who visit or live in our city. We embrace a Community Oriented Policing Philosophy and rely heavily upon community input and collaborative problem solving strategies. It is through this move of heightened community involvement in public safety matters that the Uniform Bureau will effectively address the future of policing and perception of crime in our city.

POLICE SUPPORT SERVICES

DESCRIPTION

The Support Services Bureau is comprised of units that provides a "behind the scene support" to other segments for the police department. This support service includes: 1) Records Section - inputs/ manage incident reports and tickets, 2) Information Desk / Telephone Incident Reporting System (TIRS) - provides general information and assistance to citizens, vendors, media, and other government agencies. TIRS also generates incident reports for victims that walk-in or call-in to report crimes, 3) Computer System Analyst - analyzes computer problems and use computer technology to meet the needs of an organization, 4) Georgia Crime Information Center (GCIC)/National Crime Information Center (NCIC) Operator - enters and removes Hot-File information pertaining to stolen/recovered property, missing and wanted persons; provides vehicle identification numbers to local Wrecker Services; compiles, tabulates, enters, and disseminate monthly and annual crime statistics to the Georgia Crime Information Center, 5) Quartermaster/Supply Section - orders, receives, manages, and issues police duty equipment/property, 6) Vehicle Maintenance - oversees the maintenance and up-keep of all department's vehicles, 7) Animal Control Unit - rescues and impound animals, provide impound/shelter care, educate the public about the realities of pet overpopulation and responsible pet ownership, and prosecute individuals who abuse animals.

POLICE INVESTIGATIVE

DESCRIPTION

The primary function of the Investigative Bureau is to identify, investigate, and prosecute individuals or groups involved in crimes against persons or property and / or participants in organized crime. This is done through identification and collection of data and evidence, assembling facts, collection of information, interviewing witnesses and suspects, engaging in the pursuit of leads and information, and through exchange of information with other police agencies. A close liaison with the other agencies involved in similar activities is maintained. We conduct security surveys and surveillance details. The Investigative Bureau assists in investigations when and wherever needed to maintain files of criminal activity and prosecute violators of all Federal, State and Local statutes. Included under this division are the Family Protection Unit, the Polygraph Unit, the Forensics Section, the Property Management Section and the Domestic Violence Response Unit.

POLICE BUILDINGS

DESCRIPTION

Having adopted the Community Oriented Policing philosophy the Albany Police Department operates four Community Policing Centers, which are strategically located within each of our four geographical Community Policing Districts. These centers give the citizens a sense of public safety presence within "their" communities and fosters positive relationships between them and their police department. The buildings serve a variety of purposes such as holding neighborhood watch meetings, town hall style meetings for City Commissioners, public access to needed law enforcement services as well as facilitating officers in the districts with functions that used to require them to commute to the main Police Department (report writing, telephone calls, investigations, etc.). Also included here are expenses for the operation of the Albany Police Department Law Enforcement Center, Mounted Patrol and Firearms Range facilities.

ALBANY - DOUGHERTY SWAT TEAM

DESCRIPTION

It is the policy and intent of the Albany/Dougherty Metro SWAT Team to provide the community with a reservoir of skilled law enforcement personnel who are capable of identifying and implementing a high level response to special threats with minimal risk to personnel and citizens. The role of law enforcement in all cases, including riotous activity, insurrection, barricaded subjects, execution of narcotics warrants, arrest of dangerous felons, and the rescue of hostages or endangered persons, is the protection of lives and property. The Albany/Dougherty Metro SWAT is a team of specially trained police officers from participating political subdivisions, which will respond to any incident where special weapons and tactics are needed within the member jurisdictions. The unit consist of a maximum of twenty five highly trained personnel with specific skills in the areas of marksmanship, tactical response and containment, and the deployment of chemical munitions. The Albany/Dougherty Metro SWAT is under the direct supervision of a unit Commander with the governing authority derived through the Albany/Dougherty Metro SWAT Board of Directors.

FIRE DEPARTMENTAL SUMMARY

DESCRIPTION

The Fire Department's primary function is to save lives and property by fighting and preventing fires through fire prevention efforts such as inspections, code enforcement, education, as well as arson investigation and prosecution. The Fire Department's responsibilities are defined in the City Charter and State Statutes. This department consists of seven divisions - Administration, Fire Fighting, Fire Prevention, Fire Training, Emergency Management, Public Safety Communications, and CAD 911. CAD 911's expenditures are budgeted separately and is located in the Special Funds

FIRE SUPPRESSION

DESCRIPTION

The firefighting division performs the very visible function of fire suppression, rescue and related services within the City of Albany and the rest of the County as provided for by contract. The mandates for these functions fall within the provisions of the City Charter, the Code of City Ordinances and OCGA, title 25-12. These duties are accomplished from eleven fire stations utilizing one hundred fifty-four assigned personnel.

FIRE/EMERGENCY MANAGEMENT

DESCRIPTION

The Emergency Management organization has the responsibility for the development and continuous review and update of plans designed to provide for the continuity of local government prior to and/or during times of high stress, emergencies, or disasters. This responsibility includes (without limitation): the necessary coordination, training, resources and guidelines needed to enable the city and county departments, volunteers or other agencies to operate as a total organization during periods of high stress or emergency/disaster situations and support such operations with manpower, supplies and equipment as economically as possible. This division has been tasked with the management of the 911 Communications Division.

FIRE - PUBLIC SAFETY COMMUNICATIONS DIVISION

DESCRIPTION

The Albany Public Safety Communications Division of the Albany Fire Department is responsible for dispatching the appropriate Public Safety entity to calls for assistance from the citizens of Albany and Dougherty County. This division actively monitors 15 Public Safety frequencies in and around Albany. This includes Emergency Medical Dispatch. This division receives requests for EMS and dispatches Emergency Medical Units when necessary. One of the requirements for this EMD is that all dispatchers be certified. By providing this service to the public, the dispatcher can give possible life saving pre-arrival instructions while EMS is en route. This division also monitors federal, state and local criminal information systems. It is also responsible for broadcasting severe weather reports affecting Dougherty County when needed. This division also dispatches for the

ENGINEERING

DESCRIPTION

The Engineering Department Civil and Project Management Divisions have the responsibility for providing the necessary design, inspection and project management for the City of Albany. The department is an information repository for Albany's existing infrastructure to be utilized by the private sector for future development and by the City forces for maintenance. This department provides a vital function by providing information about the infrastructures to guide and help promote development without causing undue financial or physical hardship on the taxpayers. This is accomplished by carefully reviewing, approving and inspecting development projects to ensure compliance with local, state, and federal laws, as well as sound engineering principles. The Engineering Department Traffic Division is responsible for installation and maintenance of all traffic control devices together with conducting studies for implementing necessary modifications to improve the flow of traffic. This department also coordinates activities with the utility companies, the GA D.O.T., Dougherty County, state and federal agencies, and other engineers relative to long range planning.

Public Works - Administration

PUBLIC WORKS ADMINISTRATION

DESCRIPTION

The Administration Division provides general overall administrative support to all Public Works Divisions. This division prepares and coordinates correspondence, maintains files, and personnel records. In addition, this division coordinates the department's training program, safety program, awards program, and oversees the preparation of accident and/or injury reports and maintains all pertinent documentation. This division receives the vast majority of incoming phone calls and directs them to the appropriate personnel. The division also provides mail delivery service and general errand service as well as ordering of supplies and materials as required. The division coordinates with local utility companies to insure utilities are located as required for all departmental maintenance and construction work.

STREET MAINTENANCE - RIGHT OF WAY

DESCRIPTION

The Right-of-Way Maintenance unit is responsible for herbicide application, mowing and grassing (when applicable) of all rights of way, sideparks, holding ponds, and City maintained ditches within the City. The unit also provides litter control of downtown area and major routes throughout the City with full-time employees and community service workers. The ROW maintenance unit also participates in numerous unfunded projects and requests such as Keep Albany-Dougherty Beautiful Cleanup Events, barricades, traffic control, and cleanup for Christmas Parade, Commission requests for cleanup and beautification of various areas, etc.

RECREATION/PARKS PLANNING AND NATURAL RESOURCES

DESCRIPTION

The Parks Planning & Natural Resource Division provides planning, development, and management services to all parks, playgrounds, and recreation facilities. This division also coordinates all park beautification programs, environmental education programs, landscape enhancement projects, and community park clean-up events. This division is also responsible for the maintenance of trees on city property, including street and alley right-of-ways, parks, holding ponds, recreation sites and cemeteries, as well as maintaining the city's Urban Tree Inventory and implementing the City Tree Ordinance.

INDEPENDENT AGENCIES

DESCRIPTION

The Board of City Commissioners funds a number of independent agencies involved in enhancing the quality of life in Albany. The services provided by the Agencies range from the Boys' Club for youth, the Chamber of Commerce and Economic Development Commission for marketing and promotion of the City, to the Chehaw Park and the Albany Dougherty Inner City Authority (ADICA) for the development of Georgia's "Good Life City". These agencies play an integral part of involving many necessary services to our citizenry.

COMMUNITY DEVELOPMENT

The City of Albany is an entitlement community, which means that it qualifies as a metropolitan city with a population of at least 50,000. Entitlement communities automatically receive an annual allocation under the Community Development Block Grant Program. Since May 1975, the City of Albany has participated in this program.

The Department of Community Development manages the Community Development Block Grant (CDBG) funds received by the City. The funding provided can be utilized to carry out a wide range of community development activities directed toward community facilities and services. Each activity undertaken must meet one of the three national objectives, which are:

1. The activity must principally benefit low and moderate income persons. The principal benefit test is met when at least 70% of all expenditures during a fiscal year benefits persons who qualify as low to moderate-income based on their annual income and family size.
2. The activity must address an urgent need within the community, which is urgent because the existing conditions pose a serious or immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs.
3. The activity aids in the preparation or elimination of slums and blight.

The City has also administered a Weatherization Program since 1988, with funding provided by the State of Georgia's Environmental Facilities Authority Division of Energy Resources. This program provides repairs that make the home more energy efficient and targets very low-income persons.

A Rental Rehabilitation Program is also administered by the City with funds provided by a grant from the U.S. Department of Housing and Urban Development (HUD). This program was created by HUD, to increase the supply of decent, sanitary and affordable housing available to low and moderate-income renters.

The City administers the HOME Program through funding received from HUD. The HOME Program was created to increase home ownership and affordable housing opportunities for low and very low-income persons.

Community & Economic Development

COMMUNITY DEVELOPMENT SUMMARY

DESCRIPTION

The Dept. of Community and Economic Development is in receipt of federal funding from the U. S. Department of Housing and Urban Development for participation in the Community Development Block Grant Program (CDBG), the HOME Investment Partnership Act Program (HOME), and the Housing Counseling Grant Program. The primary objectives for these sources of funds are to provide for the development of a variable urban community by providing decent housing and a suitable living environment, expanding economic opportunities, and meeting the needs of persons of low and moderate income. Community and Economic Development also administers a Rental Program that uses its rent revenues collected to assist in its efforts to provide decent, safe, sanitary, affordable and lead free housing to low to moderate income households.

COMMUNITY DEVELOPMENT

DESCRIPTION

The Community Development Program is funded through the U.S. Department of Housing and Urban Development's Community Development Block Grant Entitlement funds. The primary objectives of the program are to provide for the development of a variable urban community by providing decent housing and a suitable living environment, expanding economic opportunities, and meeting the needs of persons of low and moderate income. This program is in compliance with the Housing and Urban Rural Recovery Act of 1983. The program is responsible for the reversal of the physical deterioration and aids in the elimination of the adverse influences that now threaten the targeted areas.

COMMUNITY DEVELOPMENT / HOME PROGRAM

DESCRIPTION

The HOME Investment Partnerships Act Program is funded through the U.S. Department of Housing and Urban Development. This program was created by the National Affordable Housing Act (NAHA) of 1990.

The primary objectives of the program are to provide for the development and rehabilitation of affordable rental and owner housing for persons of low and moderate income. At least fifteen percent (15%) of the formula allocation must be spent on a certified Community Housing Development Organization (CHDO).

FIRE - PUBLIC SAFETY COMMUNICATIONS DIVISION

CAD 9-1-1

DESCRIPTION

The CAD 9-1-1 Fund consists of moneys collected from the citizens of Albany/Dougherty County via telephone charges (\$1.50 per wired line per month and \$1.50 per cellular phone line per month). This collection was approved by the citizens by referendum. These funds are collected and controlled by the Albany Public Safety Communications Division of the Albany Fire Department. This fund is used solely for the upgrade and enhancement of the Albany Public Safety Communications Division. Some of the enhancements to date are the addition of the computer aided dispatch (CAD) system, upgrades to the 911 Call Center to provide dispatching for Dougherty County Police, training for the 911 dispatchers to dispatch the EMS Teams, the purchase of uninterruptible power supply equipment of the 911 Call Center and the

HOTEL/MOTEL FUND

DESCRIPTION

Under the provisions of the Local Hotel/Motel Tax O.C.G.A. s 48-13-51(5.1), municipalities may elect to levy a tax at the rate of eight percent for supporting Confernece center facilities owned/operated by local government for convention/trade show purposes. This is the election made by the City of Albany. All proceeds of the hotel/motel tax which exceed 3.5 percent are required to be spent to promote tourism, conventions and trade shows. The Chamber of Commerce and The Albany Convention and Visitors Bureau are granted these funds annually to promote tourism, conventions and trade shows.

PUBLIC/CAPITAL IMPROVEMENT FUND

DESCRIPTION

Each year, a portion of the City of Albany's overall budget is allocated for capital, equipment, and system improvements. The Capital Improvement Program (CIP) is a five-year planning instrument used by the City of Albany to identify needed capital projects. CIP accounts for expenditures that exceed \$5,000 and have a useful life of one year or more. The General/Special Funds CIP is funded from 10% sales tax revenue.

TAX ALLOCATION DISTRICT (TAD)

DESCRIPTION

The creation of the Albany Riverfront and Gateway TAD will allow the City to encourage the private redevelopment of key parcels which are currently a detriment to the preception of the area and are incompatible with the City's vision for the area. In addition, the TAD will leverage this private investment to provide public funds to address, update, improve the area's infrastructure, enhance public amenities and create additional streetscaping to assist the City in achieveing the Albany Riverfront and Gateway vision.

LIGHT FUND

DESCRIPTION

The electric division of the Albany Water, Gas and Light department has proudly provided electric utility service to citizens of Albany, Ga for over 100 years. Through the Municipal Electric Authority of Georgia (MEAG) and the Southeastern Power Administration Agency (SEPA), Albany Water, Gas and Light has purchase power contracts totaling 233 megawatts of capacity. This capacity, generated from numerous power plants powered by natural gas, coal and nuclear energy, provides electric power to 37,891 homes, businesses and industry in the City of Albany. The department maintains the hundreds of miles of power line and 24 substations with employees who are dedicated to serving customers 24 hours per day 365 days per year. This department along with the other city utility departments are important catalysts for the economic development of the City of Albany and the surrounding area.

SEWER SYSTEMS DIVISION SUMMARY**

DESCRIPTION

The Sewer Systems Division operates and maintains the Wastewater Treatment Plant, Sanitary Sewer Lift Stations, Storm Stations, Wastewater Sampling Program, Utility Locates, Street Sweeping Program, and the Sanitary Sewer Maintenance and Construction Sections. The Sewer Systems Division, which is a part of the Public Works Department, is responsible for the maintenance of all Sanitary Sewers and Storm Sewers within the City of Albany Sewer System and for the operation of the main Water Pollution Control Plant and 100 Pump/Lift Stations.

WASTEWATER TREATMENT**

DESCRIPTION

The 32 MGD Joshua Street Wastewater Treatment Plant provides treatment of the municipal wastewater to ensure that all State and Federal Pollution guidelines and discharge permit limits are met. The process ensures that the treated wastewater which is discharged into the receiving stream will not pose any threat to users of those waters. Proper, efficient wastewater treatment includes physical and biological treatment of sewage and proper disinfection of the final effluent prior to its discharge into the receiving stream to prevent the possible spread and multiplication of potential life threatening, disease causing bacteria. As better water pollution control is achieved, public health protection is improved.

WASTEWATER SAMPLING & UTILITY LOCATION**

DESCRIPTION

The Industrial Wastewater Sampling and Utility Location Section monitors industry to insure compliance with the City's Comprehensive Solid Waste, Wastewater and Sewer Pretreatment Ordinance and takes necessary action to correct violations. The Section also checks on reported violations, inspects each Industry to insure all reported chemicals are stored properly to protect City collection and treatment systems, and monitors POTW for priority pollutants as required by EPD. This Section has also handles the grease monitoring program, CSO inspections, the Watershed Protection program as required by the State and all sewer utility "locates" within the City of Albany as required by the Utility Protection Center.

GAS FUND

GAS FUND

DESCRIPTION

The natural gas division of the City of Albany Water, Gas and Light Department provides natural gas services to 13,700 customers in Dougherty and Lee Counties. The system is estimated to sell 1,719,250 MCF (1000 cubic feet) of natural gas to homes, businesses and industry in its service territory during the 2014/15 fiscal year. This department along with the other city utility departments are important catalysts for the economic development of the City of Albany and the surrounding area.

WATER DISTRIBUTION

WATER DISTRIBUTION

DESCRIPTION

The water distribution division of the City of Albany Water, Gas and Light Department provides clean, reliable water services and hydrants for fire protection to City of Albany residents and some residents in Dougherty County. The water system provides approximately 14 million gallons per day to 35,521 customers and maintains hundreds of miles of water main and services. Even though this vital service is taken for granted by most of us, it is the necessary component for any economic development initiative in Albany and Dougherty County.

WATER PRODUCTION

WATER PRODUCTION

DESCRIPTION

The Water Production division of the City of Albany Water, Gas and Light Department produces a clean, reliable source of water to the Water Distribution system for delivery to Albany and Dougherty County citizens. The Water Production division is capable of producing approximately 36 million gallons of water per day from 39 wells. The economic development of this system capacity is an enormous benefit to the community for future economic development.

PUBLIC WORKS - SOLID WASTE SUMMARY

DESCRIPTION

The Solid Waste Division, which is part of the Public Works Department, ensures that solid waste generated by both residential and commercial customers is collected and disposed of properly. The division also performs special clean-up projects, removing garbage, trash and litter from public property, streets and rights-of-way. In addition, the division provides support for neighborhood clean-up projects. The division is comprised of five sections - Administration, Residential East, Residential West, Commercial, and Street Sweeping Disposal.

SOLID WASTE ADMINISTRATION

DESCRIPTION

The Solid Waste Administration section provides administrative support for the other sections and ensures that all functions of the Division are coordinated and carried to completion. This section prepares and tracks correspondence, receives and resolves customer complaints, tracks the division budget, prepares the payroll, and performs many other administrative duties as required.

TELECOMMUNICATION

DESCRIPTION

The Telecommunications division of the City of Albany Water, Gas and Light Department is the newest city utility. The telecom system presently provides excellent, low cost, fiber optic based services to business in Albany and Dougherty County. New offerings this fiscal year will enable business customers to have access to a menu of services not available outside metro Atlanta. The existence of business level telecommunication services of this magnitude will be a major advantage to the Albany community in the competitive economic development arena.

DESCRIPTION

The Albany - Dougherty County Aviation Commission, through City Ordinance, is charged with the responsibility for planning, directing, organizing and controlling the operation, maintenance and capital improvements at Southwest Georgia Regional Airport. The Aviation Commission coordinates capital improvements through the FAA and Georgia DOT for grant-in-aid assistance for eligible projects, based upon FAA approved Airport Master Plan. The Aviation Commission sets policies and procedures to effect appropriate coordination with agencies providing guidelines to provide for the safety and well-being of the traveling public.

INFORMATION TECHNOLOGY

INFORMATION TECHNOLOGY

DESCRIPTION

The primary purpose of the Technology Department of Utility Services is to maintain, administer and operate software and hardware pertaining to metering and billing of services to the WGL/COA customers. Support the SCADA system, firewalls, internal/external email server, DNS and end user support for software other than billing. This includes the hot site, backup services for utility billing and related software/hardware at the Lily Pond location.

INVESTIGATIONS

INVESTIGATIONS

DESCRIPTION

The Investigations Department provides physical security for the Albany Water, Gas and Light Commission with security cameras and burglar and fire alarms. We also have a full time Security Guard at the 207 Pine Building. The Department is also responsible for criminal investigation such as Meter Tampering, Fraud Investigations, Credit Card Fraud and other crimes. We also maintain a close working relationship with the other Law Enforcement and Public Safety Agencies in the area.

ENGINEERING

ENGINEERING

DESCRIPTION

Engineering is a support department for all departments(water, gas, light, telecommunications, maintenance and downtown administration). The primary objectives of the engineering department are to review all plans approved by Albany/Dougherty Planning and Zoning, make first contacts with developers and outside engineering firms concerning developments, calculate electrical loads and size transformers and switches, calculate water and gas loads for line size, compose work orders and drawings for the installation of all utilities for residential and commercial developments and maintain postings to all water, gas, electrical and telecommunication maps and valve drawings. Other duties of the engineering department include checking overhead electrical lines for respect, department of transportation permitting, relocation of utilities on highway widening projects, meet customers about complaints, EPD permitting, security lights and street lights, etc.

SAFETY/LOSS - HR

SAFETY/LOSS - HR

DESCRIPTION

The Safety/Loss-HR Department is committed to providing and maintaining a safe work environment for all employees of the Water, Gas & Light Commission. Our goal is to have zero accidents. Working together, all employees are expected to work safely as a condition of employment, report all unsafe conditions immediately and to actively participate in making suggestions and recommendations to improve the overall Safety program for the Commission. In addition, the Human Resources function of the Safety/Loss Department is to provide the highest quality of service to our employees and families so they can make informed decisions about their benefits offered and other employment issues that may occur.

FACILITIES MANAGEMENT

FACILITIES MANAGEMENT

DESCRIPTION

The primary function of the Facilities Management Department is to provide the highest quality level of service for maintaining the facilities and property of the City / Water Gas & Light, to insure that all properties meet all current state, federal and safety regulations. Responsibilities include preparing a variety of reports, processing invoices, handling vendor contracts associated with the facilities, scheduling and performing all preventive maintenance duties and repairs to all properties. This department performs and/or oversees all HVAC, roofing, plumbing, grounds maintenance, painting, electrical, new construction and remodeling of current facilities. Coordinates with all departments to insure that all work is carried out in a safe and cost efficient manner. The Facilities Management Department responds to emergency calls twenty-four hours a day.

FY 2015 CAPITAL BUDGET
AND
CAPITAL IMPROVEMENT PROGRAM
FY 2014- 2019

The Capital Improvement Program (CIP) is a multi-year planning instrument used by the City of Albany to identify needed capital projects and to coordinate the financing and timing of these projects to enhance the development of facilities and the provision of services. Capital projects will be undertaken to: (a) preserve infrastructure and public facilities; (b) promote economic development and enhance the quality of life; (c) improve the delivery of services; (d) preserve community and historical assets; and (e) improve economically depressed areas and those areas with low and moderate income households. For purposes of budgeting and accounting, a "capital project" is defined as a major expenditure for an individual asset or project in excess of \$5,000 and which has an estimated useful life of one or more years.

The first year of the Capital Improvement Program is the "Capital Budget". When adopted by the Mayor and Board of City Commissioners, the capital budget formally authorizes the expenditure of funds for the capital projects. Projects included in the remaining four years of the Capital Improvement Program are approved for planning purposes only and are not authorized until included in the Capital Budget. Appropriations for Capital Budget Projects do not expire at the end of the fiscal year *if the capital project takes longer to construct*. Appropriations for *purchases* will expire if not completed by the end of the fiscal year.

The CIP will be funded through the following sources:

1. General/Special Funds – A 10% designation of sales tax revenue.
2. Enterprise Funds/Utility Internal Service Fund – Monies provided for through net assets as depreciation or capital replacement expenses.
3. SPLOST VI – Revenue generated by the SPLOST VI Referendum

Requests for this year's Capital Budget totaled over \$25 million. Of this amount, \$962,574 was approved for the General/Special Funds. The Special Funds are allocating \$6,397,000 and the Enterprise Funds were approved for \$8,357,983. Payments during the fiscal year for GMA financed purchases will amount to \$1,345,568, of which \$960,386 is related to prior year purchases. The Capital Improvement Program for FY 2015 has a total cost of \$15,717,557. Some capital projects will be added and deleted as we proceed. As with the Operating Budget, the projects for each fund have to be balanced with the resources available in that fund. This Budget provides the total resources and projects for each fund. The capital impact on the operating budget will be beneficial by decreasing expenditures with each retirement of high maintenance and inefficient equipment. A summary of the FY 2015 Capital Budget by Fund and a summary of the five-year Capital Improvement Program are listed on the following pages.

CITY OF ALBANY

SPLOST VI

ANNUAL BUDGET

FY 2015

SPECIAL PURPOSE LOCAL OPTION SALES TAX VI PROJECTS

On November 2, 2010, Dougherty County voters approved the SPLOST (Special Purpose Local Option Sales Tax) VI referendum that allowed for the continuation of a one-cent sales tax to fund a diverse list community projects.

A listing of projects being funded through the City of Albany’s allocation of SPLOST proceeds is below:

1.	Roadway, Traffic, Sidewalk & Bridge	18,501,500
2.	Public Safety	9,086,284
3.	Sanitary & Storm Drainage	9,000,000
4.	Facility & Community Improvements	8,335,000
5.	Transit System Improvements	4,380,000
6.	Airport	3,992,000
7.	Alley Paving Improvements	3,684,216
8.	Recreational Facility Improvements	2,750,000
9.	Information Technology Improvements	1,500,000
10.	Solid Waste Improvements	615,000
11.	Civic Center Improvements	350,000
12.	Historical & Cultural Improvements	276,000
13.	Riverfront Development Improvements	250,000

The information below exhibits how much of these funds have been expended as of June 30, 2014:

FY 2015 Budgeted SPLOST VI Revenues: \$10,262,858

FY 2015 Budgeted SPLOST VI Expenses: \$10,262,858

CITY OF ALBANY

SPONSORED OPERATIONS

(GRANTS)

ANNUAL BUDGET

FY 2015

SUMMARY OF SPONSORED OPERATIONS REVENUE

DESCRIPTION

The Grants Fund is a special revenue fund that provides for the administrative accounting of funds received from State and Federal sources for some entitlement programs and discretionary projects. The Grants Fund and the ARRA consist of Federal, State and local funding. Local funding includes contracts for reimbursed services, which are considered sponsored operations. The Police Department is the primary recipient of reimbursed services.

This budget is used to account for grant programs awarded to the City. The appropriations for grant projects do not lapse at the end of each fiscal year, but remain in force for the life of the grant by means of re-appropriations contained in this budget unit.

PL GRANT

DESCRIPTION

The Metropolitan Transportation Planning Services contract (or PL Grant) is an agreement between the City of Albany's Planning & Development Services department, the Georgia Department of Transportation (GDOT) and the U. S. Department of Transportation (DOT) to provide cooperative, comprehensive, and continuing transportation planning in carrying out the provisions of the Intermodal Surface Transportation Efficiency Act of 1991. The Federal government reimburse the City for work done according to the agreement at 80%. The City of Albany provides 20% of the funding for projects outlined in the agreement.

FTA GRANT

DESCRIPTION

The City of Albany's Planning & Development Services department has entered into an agreement with the Georgia Department of Transportation (GDOT) and the Federal Transit Administration (FTA) to assist in transportation planning that has a profound impact upon the development of the total organized transportation services in the State of Georgia. Both state and federal governments reimburse the City for work done according to the agreement- 80% federal and 10% state. The City of Albany provides 10% of the funding for assisting these two entities in transportation planning.

BULLET PROOF VEST

DESCRIPTION

The Bulletproof Vest Partnership (BVP), created by the Bulletproof Vest Partnership Grant Act of 1998 is a unique U. S. Department of Justice initiative designed to provide bullet proof vests to state and local law enforcement. Jurisdictions have participated in the BVP Program, with \$277 million in federal funds committed to support the purchase of an estimated 800,000 vests.

EOD BOMB DOG

DESCRIPTION

Currently, GEMA has been given federal funding in order to establish a network of EOD bomb dogs for "on call" contact purposes involving various events (airshows, presidential visits, etc.). The goal is having a bomb dog available within one hour anywhere in the State. While a feasible network has already been established partially within the Atlanta & Savannah regions, funding has been given to the City of Albany for the development of the SWGA network.

ARRA - TRANSIT

DESCRIPTION

This grant award will be utilized to construct a Multimodal Facility in the City of Albany. Once complete, the facility will provide a higher level of safety, bus ingress and egress and provide better service and mobility options for passengers. Additionally, the new Multimodal Facility will serve as the transit center for Albany transit to provide accomodations for taxis, shuttle and charter buses. There will be parking for Transit staff and passengers' vehicles. This grant will enable the City of Albany to receive 2 City Transit buses.

CITY OF ALBANY

APPENDIX

ANNUAL BUDGET

FY 2015

CITY OF ALBANY
ANNUAL BUDGET – 2014/2015
GLOSSARY OF TERMS USED IN THIS BUDGET

The following is an abbreviated list of the specialized governmental budgeting and accounting terms used in this budget.

ACCOUNT NUMBER – A line item code defining an appropriation.

ACCRUAL ACCOUNTING – a basis of accounting in which revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period in which they occur.

AD VALOREM TAXES – Commonly referred to as property taxes. Real and personal property are levied on annually according to the property's valuation and tax rate.

AMORTIZATION – The reduction of debt by regular payments of principal and interest sufficient to retire the debt by maturity.

APD – Albany Police Department

APPROPRIATION – A legal authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and as to the time when it may be expended.

APPROPRIATION ORDINANCE – The formal budgetary document enacted by the legislative body, which contains all approved appropriations for the fiscal year.

ARRA – The American Recovery and Reinvestment Act of 2009 is a direct response to the economic crisis. The recovery Act has three immediate goals: 1) Create jobs and save existing ones, 2) Spur economic activity and invest in long-term growth, 3) Foster unprecedented levels of accountability and transparency in government spending.

ASSESSED VALUATION – A valuation set upon real estate or other property by a government as a basis for levying taxes.

BALANCED BUDGET – A budget in which the estimated current expenditures are equal to or less than the estimated current revenues.

BASE BUDGET – The base budget consists of personal services only. Price and quantity changes are reflected in the base budget but only to the extent that they are in support of personal services. Program and/or capital improvements are not included in the base budget.

BASIS OF BUDGETING – A system used by an individual government to determine when budgetary revenues have been realized and when budgetary expenditures have been incurred.

BOND – A written promise to pay a specified sum of money, called the per value or principal, at a specified date or dates in the future, together with periodic interest at a specified rate.

BONDED DEBT – That portion of indebtedness represented by outstanding bonds.

BUDGET – A service plan for a given period embodying estimated expenditures for providing services and the proposed means of financing them. A balanced budget limits expenditures to available resources.

BUDGET ADJUSTMENT – A revision to the adopted budget that occurs during the affected fiscal year as approved by the Board of Commissioners via an amendment or a transfer.

BUDGET CALENDAR – The schedule of key dates that a government follows in the preparation and adoption of its budget.

BUDGET MESSAGE – A general discussion of the proposed budget as presented in writing by the budget making authority to the legislative body.

BUDGETARY BASIS – This refers to the basis of budgeting used to estimate financing sources and uses in the budget.

BUDGETARY CONTROL – The control or management of a government or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

CAD 911 – Computer Aided Dispatch 911-call handling.

CAFR – Comprehensive Annual Financial Report

CAPITAL IMPROVEMENTS/ASSETS – Construction, renovation, physical improvement projects, vehicles or tangible items such as tools, desks, machinery and equipment costing more than \$5000 each and having a use-life of more than one year.

CDBG – Community Development Block Grant

CIP – Capital Improvement Program

COLA – Cost of Living Adjustment

COMBINED SEWER OVERFLOW PROJECT (CSO) – A \$38 million project mandated by the state and federal governments requiring Albany to separate its storm drainage and sanitary sewer systems.

COMPLEXITY OF WORK PROCESS/ACTIVITIES – Measures of levels of difficulty associated with work process or activities.

CONTINGENCY – Those funds included in the base budget for the purpose of providing a means to cover minor unexpected costs during the budget year.

DEBT – An obligation resulting from the borrowing of money or from the purchase of goods and services over a period of time. Debts of government include bonds, time warrants, notes, and floating debts.

- A. **General Obligation Debt** is secured by the pledge of the issuer's full faith, credit, and taxing power.
- B. **A Revenue Debt** is a bond, debt, or obligation for which principal and interest are payable exclusively for the earnings of a government enterprise. This term can refer more broadly to any state or local government debt that is not a general obligation.

DEBT LIMIT – The maximum amount of debt that a municipality is permitted by law to incur – also known as “Debt Ceiling.”

DEBT SERVICE – Payment of principal and interest to lenders or creditors on outstanding debt.

DEFICIT – The excess of an entity’s liabilities over its assets or the excess of expenditures or expenses over revenues during a single accounting period.

DEPRECIATION – Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

EFFECTIVENESS – Depicts the degree to which performance objectives are being achieved or otherwise reflects the quality of local government performance.

EFFICIENCY – Reflects the relationship between work performed and the resources required to perform it; Compares outputs to input.

ENCUMBRANCE – The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a future expenditure.

ENTERPRISE FUND – Enterprise funds are used "to account for operations that are financed and operated in a manner similar to private business enterprises . . . where the intent of the governing body is that the cost of providing goods or services to the general public on a continuing basis be financed primarily through user charges". Services accounted for in enterprise funds are tangible, and it is possible to determine the extent to which they benefit individual service consumers.

ENTITLEMENT – The amount of payment to which a state or local government is entitled as determined by the federal government.

EQUITY AND AVAILABILITY OF SERVICE TO USERS – Measures referring to fair or equitable distribution of service in different locations or populations.

ERU – Equivalent Residential Unit

EXPENDITURES – Decreases in net financial resources. Expenditures include current operating expenses, which require the current or future use of net current assets, debt service, and capital outlays.

EXPENSES – Decreases in net total assets. Expenses represent the total cost of operations during a period regardless of the timing of related expenditures.

EXTERNAL CUSTOMER SATISFACTION – measures of quality from external sources.

FINANCIAL INDICATORS – Comparison of planned vs. actual expenditures, cost, obligations, receipts, allocations or losses.

FISCAL YEAR – The twelve month period to which the annual operating budget applies and at the end of which the city government determines its financial position and the results of its operations.

In Albany, the fiscal year runs from July 1 to June 30 of the following year.

FIXED ASSETS – Assets of a long-term character which are intended to continue to be held or used, such as land, buildings, improvements other than buildings, machinery, and equipment.

FUND – Governmental accounting systems are organized and operated on a fund basis. A fund is an independent financial and accounting entity. It has a balanced set of accounts and records, cash and other resources together with all related liabilities and residual equities or balances which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. Though funds are independent entities within the financial records of a government, there need not be physical segregation of assets.

FUND ACCOUNTS – All accounts necessary to set forth the financial position and results of operations of a fund

FUND BALANCE – This is the unencumbered balances of appropriation from the prior fiscal year.

GASB – Governmental Accounting Standards Board.

GENERAL FUND – The General Fund provides general-purpose governmental services such as Police, Fire, and Street Maintenance. This fund accounts for the revenues and activities not required by law or administrative decision to be accounted for in a special fund. Ordinarily, the General Fund has a great variety of revenues and is used to finance many more activities than any other fund.

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP) – The accounting rules and procedures adopted by the accounting profession to facilitate uniformity in preparing financial statements.

GENERAL REVENUE – The revenue of a government other than those derived from and retained in an enterprise. If a portion of the net income in an Enterprise Fund is contributed to another non-enterprise fund, such as the General Fund, the amount transferred constitutes general revenue to the government.

GFOA – Georgia Finance Officers Association.

GIRMA – Georgia Interlocal Risk Management Agency.

GMA – Georgia Municipal Association.

GOALS – A longer-term broader statement of intent.

GOHS – Governor’s Office of Highway Safety

INTERNAL MEASURES OF QUALITY OF PRODUCT SERVICES – Measures of quality from internal sources.

INVESTMENTS – Securities and real estate held for production of revenue in the form of interest, dividend, rentals or lease payments. The term does not include fixed assets used in governmental operations.

JOB FAMILY – Occupational categories that group together positions that have certain common characteristics. Treatment of groups of jobs in this manner provides a more concise and accurate method of evaluating individual jobs.

LEVY – To impose taxes, special assessments of service charges for the support of governmental activities.

LONG-TERM DEBT – Debt with a maturity of more than one year after the date of issuance.

MSA – Metropolitan Statistical Area

MISSION – The reason or purpose for the organizational unit’s existence.

MODIFIED ACCRUAL ACCOUNTING – Basis of accounting according to which (a) revenues are recognized in the accounting period in which they become available and measurable and (b) expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt and certain similar accrued obligations, which should be recognized when due..

NET INCOME – Proprietary fund in excess of operating revenues, non-operating revenues, and operating transfers-in over operating expenses, non-operating expenses and operating transfers-out.

OBJECTIVES – The specified end result expected and can include the time at which it will be achieved.

OMB – Office of Management and Budget.

OPERATING EXPENSES – Proprietary fund expenses that are directly related to the fund's primary service activities.

OPERATING INCOME – The excess of proprietary fund operating revenues over operating expenses.

OPERATING RATIOS – Efficiency measures such as cost per unit, productivity measures and ratios of direct to indirect cost.

OPERATING REVENUES – Proprietary fund revenues that are directly related to the fund's primary service activities. They consist primarily of user charges for services.

OUTCOMES OF PRODUCT OR SERVICE – Direct results achieved through the provision of goods and services by the City.

OUTPUTS OR FINAL PRODUCTS – Products or services produced, distributed or provided to clients.

PENSION TRUST FUND – The trust fund used to account for public employee retirement systems. Pension trust funds are accounted for in essentially the same manner as proprietary funds, but with an important expanded emphasis on required fund balance reserves.

PERFORMANCE INDICATORS – A particular value or characteristic used to measure efficiency or effectiveness.

PERFORMANCE MEASUREMENT – The regular collection and reporting of a range of data useful in the management and operation of programs.

PROGRAM BUDGET – A budget wherein expenditures are based primarily on programs of work and secondarily on character and object class.

REVENUES – The income attributable to a designated fiscal accounting period that will affect the balance (surplus) or deficit resulting from the operations of that period.

SAIP – Self-Administered Insurance Program

SINKING FUND – Schedule of annual payments required on General Obligation Bonds Payable. Principal and interest are payable from an ad valorem tax upon all property of the City.

SPLOST VI – Special Local Option Sales Tax, the sixth implementation of a one percent sales tax for special projects to help build and maintain the City's infrastructure.

TAD – Tax Allocation District

TAX DIGEST – The total assessed value of all real estate property, motor vehicles, mobile homes, timber and heavy-duty equipment in the city of Albany, Georgia.

TAX LEVY ORDINANCE – An ordinance by means of which taxes are levied.

TAX RATE LIMIT – The maximum rate at which a government may levy a tax. Overall tax rate limits usually restrict levies for all purposes and of all governments, state or local, having jurisdiction in a given area.

TAXES – Compulsory charges levied by a government for the purpose of financing services performed for a common benefit. This term does not include specific charges made against particular persons or property for current or permanent benefits such as special assessments.

TIMELINESS OF PRODUCT OR SERVICE – Measures of timeliness, which may be based on specific standards or past trends.

UNIFORM CHART OF ACCOUNTS – State mandated financial reporting format for governments.

WG&L – Water, Gas and Light

WORK/ACTIVITY LEVEL – Work measure that assesses intermediate steps in producing outputs.

WORKLOAD – The amount of work compared to capability.
